

Trendy Microbial Solutions

2015

Born in 2015, TRENDY MICROBIAL SOLUTIONS (TMS) emerged from the vision of Mr. Biswarup Roye, a leader driven by the potential of microbial applications. Headquartered in Delhi, India, TMS has carved a niche for itself as a reliable Manufacturer, Exporter and Supplier of a diverse range of products focused on sustainability and environmental well-being.

About us

Born in 2015, Trendy Microbial Solutions (TMS) emerged from the vision of Mr. Biswarup Roye, a leader driven by the potential of microbial applications. Headquartered in Delhi, India, TMS has carved a niche for itself as a reliable Manufacturer, Exporter and Supplier of a diverse range of products focused on sustainability and environmental well-being.

Beyond environmental solutions, TMS demonstrates its commitment to public health through its production of **non-woven products** like face masks, a crucial element in today's hygiene-conscious world. Additionally, they offer essential filtration tools like **FAB Media** and **MBBR Media** for various industrial applications.

Innovation takes center stage at TMS. The company constantly strives to push boundaries with its **Tube Settler** technology, an advanced wastewater treatment system designed for efficiency and ease of use. This dedication to progress has earned TMS a well-deserved reputation for **quality, reliability, and affordability.**

Looking ahead, TMS envisions a future where microbial technologies become mainstream solutions for environmental and health challenges. With its unwavering commitment to research and development, the company is poised to play a pivotal role in shaping a more sustainable and healthy world.
