Herbal products can pose unexpected risks because many supplements contain active ingredients that have strong effects in the body. For example, taking a combination of herbal supplements or using supplements together with prescription drugs could lead to harmful, even life-threatening results.

What is Ayurvedic Product?

Ayurveda, a natural system of medicine, originated in India more than 3,000 years ago. The term Ayurveda is derived from the Sanskrit words ayur (life) and veda (science or knowledge). Thus, Ayurveda translates to knowledge of life.

What is Herbal Product?

Products made from botanicals, or plants, that are used to treat diseases or to maintain health are called herbal products.
