ABOUT US

Introduced to the market in 2022, **Waymed Yamuna Private Limited** is a rising star in Delhi's medical imaging technology landscape. As both a manufacturer and trader, we offer a comprehensive range of X-ray and mammography machines catering to diverse healthcare needs.

A Spectrum of X-ray Solutions

- **Line Frequency X-ray Machines:** Choose from our extensive selection of 100mA, 300mA, 500mA, and 800mA machines, both fixed and mobile, to suit various radiology and diagnostic applications.
- **High Frequency X-ray Machines:** Our advanced 4kW, 6kW, and 8kW high-frequency machines provide exceptional image quality and faster acquisition times, ideal for demanding clinical settings.

Something More

- **Analog Mammography Machine:** We offer a reliable and cost-effective analog mammography machine for early breast cancer detection.
- **C-arm Flat Panel Detector Machine:** Enhance your interventional procedures with our state-of-the-art C-arm machine featuring a flat panel detector for superior image clarity and dose reduction.

Commitment to Quality and Innovation

- **Unwavering Quality:** We are committed to providing high-quality, reliable, and durable medical imaging equipment, ensuring accurate diagnoses and optimal patient care.
- **Constant Innovation:** We actively invest in research and development to continuously refine our product offerings and integrate cutting-edge technologies.
- **Customer-Centric Approach:** We prioritize building strong relationships with our clients, offering personalized support and guidance to help them select the right equipment for their specific needs.
