ABOUT US

Atkotiya Agro Technologies, established in 2008, is a leading manufacturer, exporter, and supplier based in Rajkot, Gujarat, India. We are dedicated to providing a comprehensive range of organic and herbal solutions for farmers seeking a sustainable approach to agriculture.

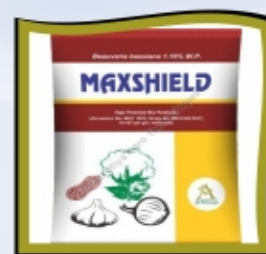

Our commitment to eco-friendly practices is reflected in our diverse product portfolio. We offer a variety of insect and pest repellents formulated with botanical extracts, including Mitaphi, Whiteout Super, Whiteout Herbal, Baiclean, Prerana, Green Shield, and Herb Shield. These repellents provide effective pest control while minimizing environmental impact.

For fungal disease management, we manufacture a range of herbal fungicides like Striker-W, Crop Verdant, Olishield-I & II, Bio Fungicides like Maxpsudo and Maxvir, ensuring plant health without harmful chemicals.

Atkotiya Agro Technologies also caters to plant nutrition needs with organic fertilizers. We offer bacteria-based fertilizers like Jeevant-N, Jeevant-P, Jeevant-Zn, and others that promote nutrient uptake and soil health. Additionally, our organic seaweed extract fertilizers (Alga Aqua) and Jeevant Bio NPK fertilizers provide a balanced boost to crops.

Our commitment extends beyond pest control and nutrition. We offer micronutrient fertilizers (Tatvamin) and plant growth promoters (Procan, Prosper, Provita) to enhance overall plant growth and resilience. Specialized products like Tatva Microz (Zinc Oxide) and Tatva Cal (Calcium) address specific deficiencies.

By choosing Atkotiya Agro Technologies, you're not just choosing effective products; you're choosing a sustainable future for your farm and the environment while getting the required services whenever required.
