ABOUT US

Welcome to LP Impex, where quality and customer satisfaction meet at the juncture of efficient trade and strategic global partnerships. Established as a start up, our headquarters are located in Mundra, Kutch, Gujarat, and we have rapidly expanded our footprint, specializing in the supply of diverse minerals including Calcine bauxite , White fused alumina , Brown fused alumina from china, Kaolin from Kutch, various clay products, and notably, different grades of Bentonite.

In Hong Kong, our associate company, is situated at 13/F, Hollywood Plaza, 610 Nathan Road, Mongkok, Kowloon. We also maintain a strategic presence in China at Lianyungang City, Jiangsu Province. This global footprint is further supported by strong teams in China, Bangladesh, and Sri Lanka, with Nepal marked as our next destination. Locally, we have established significant operations in major Indian cities including Mumbai, Delhi, and Mundra, Gujarat.

At LP Impex, we pride ourselves on our team of seasoned professionals who bring decades of experience in shipping, quality assurance, marketing,

and production. Our expertise in handling Bentonite applications for industries such as iron ore pelletizing, casting foundry, and civil engineering projects ensures that we provide specialized solutions that meet specific client needs.

We are more than just a trading company; we are your trusted partner in facilitating seamless trade transactions across borders. Our strategic approach to market dynamics and our commitment to sustainability position us as a leading supplier in the mineral trade. Join us in our journey towards a more efficient and responsible global trade ecosystem.
