About Us

Jai Bhavani Enterprises, a pioneering name in the realm of electric vehicles. Established in 2013 by Mr. Devashish Dhand, our journey has been defined by a commitment to innovation, quality, and sustainability. Based in the vibrant city of Bhopal, Madhya Pradesh, we have emerged as a trusted manufacturer and supplier of a diverse range of electric vehicles, catering to various industries and consumer needs.

At Jai Bhavani Enterprises, we take pride in our extensive lineup of products designed to meet the evolving demands of modern transportation and utility requirements. From golf carts to vintage cars, toy trains to electric club cars, and electric food carts to garbage vans, we offer a comprehensive array of solutions that seamlessly blend functionality with eco-conscious engineering. Our electric utility vehicles stand as a testament to our dedication to providing efficient, environmentally friendly alternatives to traditional fuel-powered vehicles.

What sets us apart is our unwavering commitment to quality and customer satisfaction. Each vehicle that rolls out of our manufacturing facility undergoes rigorous testing and inspection to ensure adherence to the highest standards of performance, safety, and reliability. Whether it's for recreational purposes, commercial ventures, or municipal applications, our vehicles are engineered to deliver superior performance and durability, backed by responsive after-sales support.

At the heart of our ethos lies a deep-rooted sense of responsibility towards the environment and society at large. By championing the adoption of electric vehicles, we strive to contribute to the global efforts aimed at reducing carbon emissions and promoting sustainable mobility solutions. Through continuous research and development, we endeavor to push the boundaries of innovation, making electric vehicles more accessible and efficient for all.
