Since we started our operation in 2023, we at Precision Healthcare are among the foremost exporter and suppliers of this highly commendable range of pharmaceutical products. We have pharmaceutical injections, latex surgical gloves, ofloxacin infusions, paracetamol infusions, HaleMed infusion sets, PHD infusion sets, blood administration sets, and blood transfusion sets. The offered range is widely praised for its good quality and reliability.

## Our Team

Our highly skilled and experienced team of experts, in the most efficient and useful manner, helps us achieve a better standing in the market. The professionals recruited according to their ability and ability to perform assist us in maximising efficiency. In order to achieve better management of the team's operations, the experts have been sorted into different operational units. Moreover, regular training sessions are being offered.

Our main focus lies in supplying high-quality products, and we follow each guideline strictly. Meanwhile, if we cover the divisional categories under each of them, we have quite an extensive list of medical products. Precision Healthcare specialises in accepting customised orders from the side of the customers.

Precision Healthcare better understands the needs of its customers and works according to their requirements. We are readily giving deliveries all over the world. Mr. Debanjan Basu is the founder of the company and has years of experience in the medical field.
