ABOUT US

GHS Control & Automation, a leading name in the realm of electrical control and automation solutions. Founded in 2021 by Mr. Nilesh Dhoke, Mr. Akash Sharma, Mr. Rohan Shinde, we take pride in our Pune, Maharashtra roots and have swiftly emerged as a prominent player in the industry.

At **GHS Control & Automation**, our commitment to excellence is unwavering. We are dedicated manufacturers, exporters, and suppliers of a diverse range of products, including APFC Panels, PLC Panels, FLP Panels, VFD Panels, PCC Panels, MIMIC Panels, HMI Panels, and MCC Panels. Our comprehensive suite of offerings ensures that we can cater to a wide spectrum of customer needs with precision and efficiency.

However, our services extend far beyond mere product provision. We understand that the successful implementation and operation of electrical control systems require meticulous attention to detail and expert support. That's why we also offer a suite of services encompassing Electrical Commissioning, Installation, and Maintenance. Our team of skilled professionals is equipped to handle every aspect of the process, ensuring seamless integration and optimal performance.

Furthermore, our dedication to customer satisfaction is ingrained in everything we do. We believe that forging strong relationships with our clients is paramount, and we strive to exceed their expectations at every turn. Whether it's through our prompt and reliable services or our commitment to quality, we aim to be a trusted partner in our customers' success stories.

Quality is at the core of our operations. We adhere to stringent quality control measures throughout the manufacturing process to ensure that every product that leaves our facility meets the highest standards of reliability and performance. Our Quality Policy serves as a guiding principle, driving us to continually improve and innovate in pursuit of excellence.

OUR PRODUCTS

• APFC PANEL •

Business Type : Manufacturer, Exporter,
Supplier
Body Material : ABS, Mild Steel
Color : Grey
Power Source : Electric

• PLC PANEL •

Business Type : Manufacturer, Exporter,
Supplier
Body Material : Mild Steel, PVC
Color : Grey
Power Source : Electric

• FLP PANEL •

Business Type : Manufacturer, Exporter,
Supplier
Color : Available In Many Colors
Application : Industrial
Size : Standard

OUR PRODUCTS

VFD PANEL

Business Type : Manufacturer, Exporter, Supplier
Body Material : Mild Steel, PVC
Color : Grey
Power Source : Electric

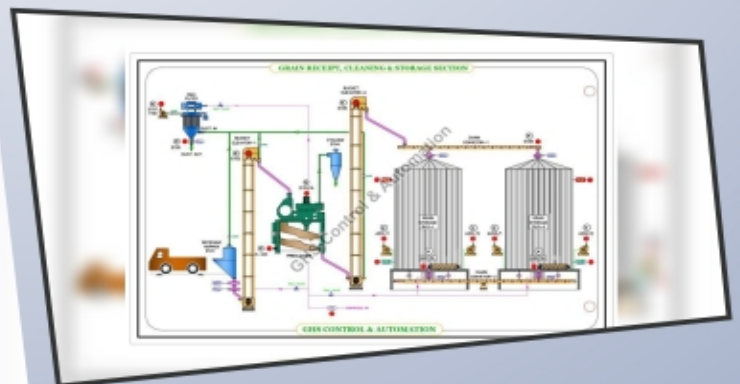

PCC PANEL

Business Type : Manufacturer, Exporter, Supplier
Automation Grade: Automatic
Application : Industrial Use
Frequency : 50 Hz

MIMIC PANEL

Business Type : Manufacturer, Exporter, Supplier
Material : Metal, Plastic
Color : Grey
Power Source : Electric

OUR PRODUCTS

• HMI PANEL •

Business Type : Manufacturer, Exporter, Supplier
Material : Plastic, Metal
Color : Grey
Application : Industrial

• ELECTRICAL COMMISSIONING SERVICES •

Electrical commissioning services ensure the seamless integration and optimal performance of electrical systems in diverse environments. From power distribution to lighting controls, experts meticulously inspect, test, and validate electrical infrastructure to meet safety standards and operational efficiency. Comprehensive assessments identify potential risks and guarantee compliance with regulatory

• ELECTRICAL INSTALLATION SERVICES •

Electrical installation services encompass the precise setup and deployment of electrical systems tailored to specific needs. Expert technicians handle everything from wiring and fixture installation to panel upgrades and outlet placements with precision and adherence to safety standards. Whether for residential, commercial, or industrial projects, these services ensure reliable power distribution, lighting

OUR PRODUCTS

• ELECTRICAL MAINTENANCE SERVICES •

Electrical maintenance services are crucial for preserving the reliability and safety of electrical systems over time. Skilled technicians conduct routine inspections, testing, and repairs to prevent malfunctions and ensure optimal performance. From commercial buildings to industrial facilities, these services address issues such as faulty wiring, equipment wear, and power fluctuations promptly, reducing downtime and

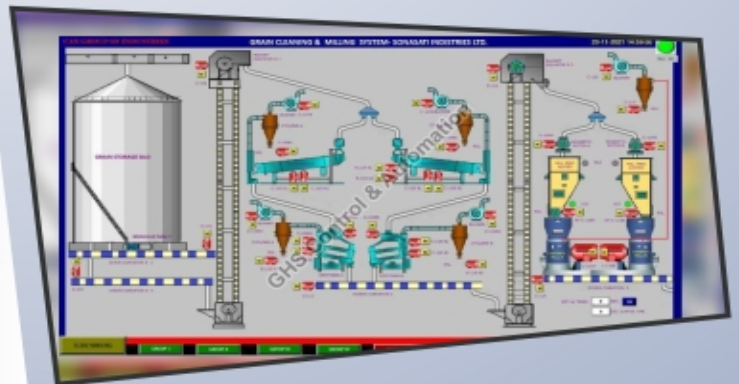

• PLC PROGRAMMING SERVICES •

PLC programming services offer specialized expertise in designing, programming, and optimizing Programmable Logic Controllers (PLCs) for industrial automation. Experienced engineers develop custom solutions to streamline manufacturing processes, enhance productivity, and ensure precise control over machinery and systems. From concept to implementation, meticulous programming tailored to unique

• SCADA SOFTWARE DEVELOPMENT SERVICES •

SCADA (Supervisory Control and Data Acquisition) Software Development Services empower industries to monitor, control, and analyze processes in real-time. Leveraging cutting-edge technology, SCADA systems enhance operational efficiency, reliability, and safety across sectors like manufacturing, energy, and utilities. Tailored SCADA solutions cater to specific industry needs, integrating with existing infrastructure
