Contact Us

Sai Eng.Works is a Dhansura (Gujarat) based Manufacturer and Supplier of a range Industrial Jaw Crushers that comprises Grease Type Jaw Crusher and Oil Type Jaw Crusher. We have framed transparent business policies and strategies and adhere to them, which guide us to serve the clients with Industrial Jaw Crushers, which reflect excellence.

### **INFRASTRUCTURE**

We are backed by a robust infrastructure that includes efficient production facility and state-of-the-art testing machinery that ensure world-class products to be supplied to the clients. In addition to this, we are equipped with advanced R&D facilities that help us to add new features.

### **TEAM**

We are assisted by a team that includes qualified production designers & engineers, testing personnel, R&D agents, servicing engineers, sales & marketing agents and warehousing agents. Our team aims to introduce new concepts while engineering the Industrial Jaw Crushers, to make them more efficient.

### **QUALITY POLICY**

Quality is one of the cornerstones of our business policy. The quality of our operations is exhibited by the systematic approach that we have adopted. In addition, we have the prowess to deliver Industrial Jaw Crushers safely to the clients, in a time-bound manner.

With the aid of diligent team of professionals and modern packaging facility, we can guarantee safe and secure deliveries. Also, we make sure that only high quality packaging material is used for the same. The transactions related to payment carried out between us and our clients are kept confidential. Your details are not shared with anyone except the concerned personnel to ensure high level of security.

### **Specifications**

Type	:	Grease
Condition	:	New
Quality	:	Superior
Moq	:	As per client requirement

We source only qualitative raw material from the reliable places only. Our professionals conduct strict quality checks as a result of which, finished products stand high on the clients' expectations. Made using superior grade materials, our products are quality assured and as per international industry standards.

### **Specifications**

Power	:	Electric
Type	:	Automatic
Quality	:	Superior
Moq	:	As per client requirement

Our online payment transactions are safe and hassle free. We pay special attention to make payment procedures secure and sound. We are capable of delivering the products in exceptional packaging material, this circumvents the loss during transit and thus, the product is delivered safely.

**Specifications**

Power	:	Electric
Type	:	Automatic
Quality	:	Superior
Moq	:	As per client requirement

As the material is CRUSHED ONLY ONCE when it passes through the gap, the percentage of FINES IS MUCH LESS.

Used for almost any material and for crushing upto 0.5mm

More economical because of its higher production capacity and lower power requirement.

Produces more uniform material than any other crusher having reciprocating motion.

Uniform Wearing of Crushing Surface.
