## CONVEYOR DIVISION

ISO 9001:2015 CERTIFIED

**IDEF Conveyor Division** is one of the experienced companies in Designing, Fabrication and manufacturing conveyors. Our mission is to produce high-quality and Reliable conveyors according to customer customization.

**Our success** is attributed to our approach to continuous 3 I's Innovation, improvement & implementation loyalty to customer and their satisfaction is our prime objective. Considering the growing demands of the industries, continuously upgrade quality standards in line with the trends for the future.

**Vow to our Customers:** At the end of the day, our only assets are our clients and our reputation. We need to exceed every expectation that our client has - this means we also have to anticipate and manage future expectations. This also means never over-committing.

**Conveyor systems** are used widely across a range of industries due to their numerous benefits. Conveyors can safely transport materials from one level to another, which when done by human labor would be strenuous and expensive. They can be placed almost anywhere. They can move loads of all shapes, sizes and weights.
