About us

Established in 2018, Baros Pharma is a dynamic pharmaceutical export company with a proven track record of delivering high-quality medicines and healthcare solutions worldwide. With a robust supply chain and expertise in validated cold chain logistics, stringent quality standards, and a global footprint, we aim to elevate healthcare standards by delivering healthcare solutions tailored to meet the diverse needs of our clients across continents. Baros Pharma specializes in fulfilling pharmaceutical demands for both Indian and international markets. Its strong network enables the delivery of generic medicines, specialty drugs, biologics, biosimilars, orphan drugs, and other critical healthcare solutions tailored to client needs. At Baros Pharma, We strive for well being of patients by working closely with healthcare providers and institutions by ensuring the access to the medications they need at affordable prices.

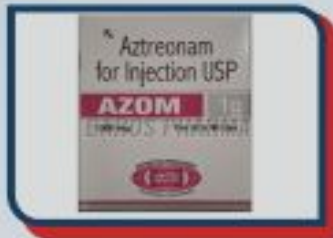

Our Mission

Medication is our business and your good health is our mission. We strive to provide our customers with high quality pharmaceutical products and services that meet their unique needs at best prices. In addition to our commitment to quality, we are also dedicated to create long-term relationships with our customers based on trust, transparency, and mutual respect by consistently improving our processes to ensure that we are always meeting the highest standards of quality and efficacy.

Our Vision

Baros Pharma was built on the belief that everyone deserves access to high-quality pharmaceutical products at affordable prices. We are continuously working to uphold the foundations and ethical values on which the company was founded by ensuring the highest ethical standards in all aspects of our business, Simultaneously equipping ourselves to meet the demands of the future. Our Goal is to continue to grow and expand our operations both domestically and internationally through providing our customers with the best possible products and services by focusing on client based approach and a commitment to continuous improvement.
