

### Prisma Batteries

**About Us**

ELTROS Batteries is a premium range of battery products offered by Prisma Batteries. Established in 1998, EXCEL has earned a leading name in the battery manufacturing industry with a diverse range of Batteries which include Solar, Inverter, Automotive and two-wheeler batteries. With our cutting-edge technology and over 22 years of experience, ELTROS is quite popular in NCR, PUNJAB, TAMILNADU, UP, HARYANA, BIHAR, WEST BENGAL, ANDHRA PRADESH and other states too. Our Products hold a strategic competitive edge with our diverse range of Batteries, Improved backup, High Resistance and High Cranking Power for Automotive batteries.

Long POWER High Performance

EL-25 12V 12AH 24\* months

EL-24 12V 4AH 24\* months

## Technical Specifications

- Lead Calcium Tin Alloy used for positive and negative plates but with some metal additives for better performance
- High porosity agm with best quality fiber threads that adds to the life and cranking
- Advanced process constructed under the guidance of industry experts, that minimised INTERNAL RESISTANCE in the battery
- high MATERIAL UTILISATION FACTOR- means our battery lays out TRUE AMPERES AS IT MENTIONS ON ITS LABEL
- BS6 engines demand higher power from the batteries as compared to bs4 engines. We have transformed our quality as per the requirements.
- Gassing is minimised and suppressed. This helps in minimal Water loss. Thus, it can be truly called a MAINTENANCE FREE BATTERY.

**SPECIFICATIONS**

S.No.	Model No.	CAPACITY @C20	CAPACITY @C10	Cca (COLD CRANKING AMPERES)	BATTERY WEIGHT	VOLTAGE ON LOAD (8TIMES LOAD THAT OF BATTERY)
1.	2.5LB	2.3AH	2.1AH	72	0.9KG	10.7
2.	4LB	4.1AH	3.9AH	140	1.48KG	11.38

## About us

Established in 1998, EXCEL batteries started production with battery plates & inverter batteries. Soon the cosmic rays of quality, excellence & service reached the market & the company widened its segments with:-

- Two Wheeler Batteries
- Automotive Batteries
- Solar Batteries

With Our Cutting EDGE Technology & Over 25 Years Of Experience, We Are Quite Popular In **Delhi-NCR, Punjab, Rajasthan, UttarPradesh, Haryana, Maharashtra, Bihar, AndhraPradesh** & Many Other States.

## Our Vision

we eye a full fledged pan india battery market, flooded with excel batteries. we aim to serve both national & international regions with the power of our excellence.

## Our Mission

Be the brand of choice for products and services that generate, control, store and use electricity efficiently. Through passionate people we innovate to consistently deliver a tangible competitive advantage in reliability, service and cost. Strive to carefully balance the interest of all stakeholders; to fulfill aspiration of the employees and to passionately pursue excellence without deviating from our core values

## Our Segments

### Two Wheeler Series

- BS-6 APPROVED
- Increased Cold Cranking Amps (CCA).
- Our 4Ah Battery Provides 3.8 ah @C10 & 4.04 ah @C20.
- AH have been duly Tested in company Laboratory with certified BCT
- AGM - Spillproof Battery.
- Lead - calcium Tin Alloy used for increased Battery Life & minimal water Loss.
- Virgin quality ABS container.
- High quality carbons & expendes.
- High quality electrolyte with certain additives used after vigorous R&D by our team of experts.
- Certain chemicals used protect our battery from premature capacity Loss (PCL).
- Exclusive Grid Design, paste recipe & alloy formulation.

**EXCEL**  
DON'T LIMIT  
YOUR SPEED

### SPECIFICATIONS

Model No.	Capacity @C20	Dimensions (+-2mm)	Capacity @C10	CCA (Cold Cranking Amperes)	Battery Layout	Filed Weight (Kg+-3%)	Voltage on load @ times load that of battery capacity)	Warranty
2.5LB	2.3AH		2.1AH	72	(-+)	0.9KG	10.7	12 months
4LB	4.1AH		3.98AH	140	(-+)	1.48KG	11.38	48 months

9LB	9.2AH		8.9AH	195	(-+)	3.2KG	10.9	48 months
Tz9	8.4AH		8.15AH	180	(-+)	3KG	11	48 months

### State Of The Art Technology

At EXCEL, we use latest technology thus marking our products in adherence to latest quality standards & path of excellence.

### Happy Customer base

Our customers are happy with product & its after sales services

### Pocket Friendly

We make batteries with some advanced processes & chemicals, that creates more output for each unit of input. this makes our battery selling price on a lower edges as compared to other players.

### Speedy Dispatching Process

We ensure dispatch of your order with 4-5 days of date of purchase

### Efficient After Sales Services

We at EXCEL ensure timely replacements or any issues related to the product. our broad dealer base makes this possible.

### Packed With Power

Batteries are known for the optimum power delivers & high cold cranking amperes (CA) more cranking power.
