Kamiko Enterprises private limited is a trader and exporter of Food Processing Industrial Machinery and agro-commodities. We not just supply machines – we focus on best quality, low maintenance, and complete client satisfaction as well as best quality of foods for export. Our specialty is to customize the processing unit according to the client's requirements and make their industry simple and hassle-free. Kamiko Enterprises is a Bihar-based company that understands the challenges faced by small industries and entrepreneurs. We work to solve their core problems and help them grow. The company started with the aim of turning farmers into entrepreneurs by making export grade by-products from farm crops. Our main focus always remains on food products.

Kamiko enterprises helps the farmers in farming of best quality grains, fruits & vegetables ,edible oil and spices. we provide the agriculture equipments, seeds & plants, organic fertilizers to the farmers as well as establishing village wise food processing machines for the better quality of by- products and to prevent post- harvest loss.

So the products which we have for export like the (1) grains (rice, flour, flattened rice or poha,maize), (2) fruits{ mango, lichi, custard apple, banana, dragon fruits, pineapple, apple}, (3)vegetables { potato, onion, cabbage, cauliflower, green chilli } , edible oil, foxnut ,jaggery, sugar-cane, and all the spices are grown in natural environment , organically nurtured and the food bi-products are processed by small processing machines run by women farmers. India's soil and climate are different in every region, which allows the growth of a wide variety of food products and crops. This natural gift helps us grow in the industrial world, become successful entrepreneurs, and establish a strong presence in the global food market.
