Established in 1986, Gohel Industries is a leading manufacturer, exporter and supplier of high-precision machined components. Based in India, we operate with a well-equipped setup of 7 advanced machines, including 3 VMC (Vertical Machining Centers) and 4 CNC machines, enabling us to produce components with outstanding accuracy and consistency.

We specialize in machining a variety of materials such as copper, brass, aluminium, stainless steel (S.S), mild steel (M.S), and more, meeting the diverse requirements of our clients across different industries.

With a strong focus on quality, timely delivery, and customer satisfaction, we have built a reputation for reliability and excellence. Our facility is backed by a skilled team and robust infrastructure, ensuring smooth operations and superior product output.

If you're looking for precision-machined components with dependable service, Gohel Industries is your trusted partner.
