# About Us

Aero Grid Labs, founded in 2019 and based in Kashipur, Uttarakhand, is a dynamic service provider specializing in a wide range of engineering and design solutions. We offer services such as Design, Modeling, 3D Animation, FEA Analysis, Concept and Product Development, Architectural Visualization, Automobile Engineering, and Structural Steel Estimation. Our team of experts is committed to delivering innovative, high-quality solutions tailored to meet the unique needs of each project. Under the guidance of Mr. Manish Kumar Jha, Aero Grid Labs has established a strong reputation for excellence and reliability. We serve diverse industries by helping clients turn their ideas into reality through advanced technology and creative problem-solving. Whether you're looking for cutting-edge product development or precise structural analysis, Aero Grid Labs is your trusted partner in bringing your visions to life.
