About Us

Enthusiasm for the best tea and coffee led to the founding of Ecoharvest Trading. Our adventure began in the verdant plantations of India, and we are situated in Chennai, Tamil Nadu. We prioritise quality beyond anything else. To guarantee perfection, we hand-select the finest beans and leaves.

Our founder traversed the entirety of India. He sampled several cups of tea and coffee while touring estates. He was motivated by this adventure. He desired to introduce the world to these distinctive flavours. And so Ecoharvest Trading began. Our goal is to provide you with a cup that embodies India.

• Our Products

We have a large selection of teas and coffees. Every product is the outcome of careful selection. We have traditional Assam, Darjeeling, and Nilgiri teas in our assortment. We also provide special mixes, such as Green Tea and Masala Chai. Each drink has a backstory that comes with it.

The highlands of Chikmagalur and Coorg are the source of our coffee beans. Robusta and Arabica are both available. We expertly roast each of our mixes. Every cup has deep flavours and subtle aromas that you can taste. Whether you want smooth filter coffee or robust espresso, we have something to suit every pallet.

• Our Commitment

Our fundamental value is sustainability. We are in favour of fair trade policies. We collaborate directly with farmers. This guarantees a just price for them. We utilise eco-friendly packaging. We make use of biodegradable supplies. Our stance is to lessen our carbon footprint.
