

Ball Valves

Many options are available for this popular type of easy operation, full flow valve. These include manual, air or electrical activation. Standard non-hazardous valves are compliant to BS EN 12266 with ADR and stainless steel versions available to BS EN 14432.

Other key advantages of Molex Ball Valves include:

- Stainless steel Grade 316 ball as standard
- Cast iron ball optional
- Stainless Steel range optional
- Viton and PTFE seals optional
- Lockable handle open/closed
- Air or electrical activation available

Manual Ball Valves Spec

Size	1 1/2"	2"	3"	4"	6"
Pressure Rating	PN16	PN16	PN10	PN10	PN16
A	103	123	168	213	240
B	8.5	11	11	13.5	M20
No. of holes	4	4	6	6	8
C	SQ 90	SQ 107	205	250	300
D	61	70	121	146	210
E	SQ90	SQ 107	178	220	280
F	8.5	9	15	11.5	20
G	72	90	131	152	172
H	94	130	131	152	203
J	125	230	315	400	560
K	110	140	162	190	203
Weight(KG)	2.2	4	10	14	35

Air Operated Ball Valves Spec
