Halari Donkey Farm, based in Patan, Gujarat, is a pioneering enterprise managed by Mr. Desai Hitesh. Established in 2024, the company has quickly gained recognition as a reliable manufacturer, exporter and supplier, specializing in a distinct range of products derived from donkey milk and organic sources. With a strong focus on quality and natural products, Halari Donkey Farm is committed to meeting the needs of customers across India.

One of the farm's standout offerings is Donkey Milk Powder, a premium product celebrated for its nutritional and skincare benefits. Rich in essential vitamins and minerals, donkey milk is highly regarded in the health and beauty industry. Halari Donkey Farm ensures that the production process upholds the highest standards of quality and purity, resulting in a high-grade powder that retains the natural goodness of the milk. This dedication to excellence has made the company a preferred supplier for those seeking natural and effective health and beauty solutions.

The farm's innovative approach extends beyond milk products. By leveraging all aspects of donkey farming, Halari Donkey Farm also contributes to sustainable agriculture. Donkey dung is utilized in organic farming and manure practices, while donkey urine is valued for its applications in conventional agriculture. This holistic utilization of resources reflects the company's commitment to sustainability and environmental stewardship.

Halari Donkey Farm's success is not limited to India; the company has also made inroads into global markets. This international presence highlights the farm's ability to meet the diverse needs of customers worldwide and underscores its reputation as a leader in the niche market of donkey-derived products.

Under the expert guidance of Mr. Desai Hitesh, who brings years of experience in business management, Halari Donkey Farm operates with a clear vision and professional approach. Mr. Hitesh's leadership has been instrumental in the company's rapid growth and its ability to innovate within the agricultural sector.
