Welcome to Veryswif Exim International LLP, a dynamic and forward-thinking export startup rooted in the lush landscapes of Kerala, India. Born out of a passion for quality and sustainability, we specialize in sourcing and supplying premium organic spices and quality seafood to global markets.

At Veryswif Exim, we take pride in offering a diverse range of organic spices and vegetables, including ginger, turmeric, pepper, cardamom, garlic, onion etc. Each product is carefully cultivated by local farmers who follow traditional, eco-friendly farming practices, ensuring that our spices and vegetables are not only flavorful but also ethically produced.

Kerala, known as the "Spice Garden of India," provides the perfect backdrop for our operations. Our deep connection to this region allows us to deliver authentic, high-quality products that capture the essence of Kerala's rich agricultural heritage. Our seafood offerings include a variety of aquatic products such as Skipjack and Yellowfin Tuna, Cuttle Fish, Sword Fish, Shrimps, Sail Fish etc., sourced from the coasts and the inlands, the Arabian Sea, Bay of Bengal, or the vast Indian Ocean.

Why Choose Us?

Quality Assurance: We prioritize quality at every step, from sourcing to packaging.

Sustainability: Our commitment to organic farming supports both the environment and local communities.

Global Reach: We cater to international markets, bringing the taste of Kerala to the world.
