PYROTECH ELECTRONICS PRIVATE LIMITED was established in the year 1976 in Rajasthan, India. We are a manufacturer and supplier of Indoor lighting, outdoor lighting and a lot more. We manufacture these lights and lighting products by utilizing premium quality raw materials and other components while keeping in mind the established quality standards of the industry.

Post-production, we check these lights and lighting poles to ensure that their fine finish, exquisite designs, high illumination, less power consumption, longer service life and resistance against abrasion.

Offered lights and lighting poles are used in domestic houses, commercial shops, factories, public gardens, and parks. We have a team of experienced professionals who carry out the manufacturing process of these lights and lighting products to suit their requirements.

At our state-of-the-art infrastructure, we have installed modern and highly productive machines and technology using which these professionals manufacture these lights and lighting products as per the details given by patrons without any hassle.

Our Team

Owing to the dedication of our talented professionals, we can grow at a rapid pace in the domain of manufacturing, supplying, wholesaling and trading best-grade LED & Solar Lights and Lighting Poles. Well-abreast of their duties, our professionals leave no stone to cater to the varied requirements of patrons.

Along with this, our professionals always keep them aware of the latest technological developments so that they incorporate the same in the offered array. Working in varied units in synchronization with each other, our professionals focus on attaining the present aims of our firm.
