ABOUT US

Empizio Exports is a leading name in the global footwear industry, founded in 2024 in Delhi by visionary entrepreneur Mr. Samarth Garg. Operated under the banner of Ganesh Trading Company, Empizio Exports represents a commitment to quality, innovation, and customer satisfaction.

Our journey began in 2021 with the crafting of Hawaii slippers, celebrated for their lightweight design and remarkable durability. Over time, our reputation for delivering reliable products allowed us to build a robust network of suppliers and buyers across India.

Our Journey of Growth

As demand for our products grew, so did our ambition. In 2024, we expanded our horizons to international markets, introducing the world to the impeccable craftsmanship and design that define Empizio Exports. Today, we are proud to manufacture and export a diverse range of footwear tailored to the needs of men, women, and children across the globe.

Our Product Portfolio:

- While Hawaii slippers remain our flagship product, we have diversified into creating:
- Stylish PU slippers for everyday wear.
- Iconic and practical Crocs.
- Performance-oriented sports shoes.
- Sturdy and supportive school shoes.
- Comfortable and soft EVA slippers.

Our product line is carefully curated to ensure a balance between style, comfort, and durability, making us a preferred choice for customers worldwide.

Our Values and Philosophy

At Empizio Exports, we believe in blending traditional craftsmanship with modern technology. Every product reflects our dedication to enhancing everyday life, while our commitment to eco-friendly manufacturing ensures that we do our part for the planet. Under the leadership of Mr. Garg, we continually strive to balance affordability with premium quality, proving that sustainable and stylish footwear can be accessible to all.

Our Competitive Edge

- **Eco-Friendly Manufacturing Practices:** Ensuring minimal environmental impact.
- **Global Standards:** Adhering to international quality benchmarks.
- **Customer-Centric Approach:** Custom solutions tailored to client needs.
- **Efficient Supply Chains:** Seamlessly connecting domestic and international markets.
