About Us

With the increasing challenges of global climate change and the emergence of new infectious diseases, the world faces unpredictable health needs. Viharico Exim Pvt. Ltd. was founded with a clear vision — to cater to the well-being of every individual, to bring smiles, and to work towards the survival and welfare of humanity.

As the saying goes: “Caring is not limited by proximity or borders; it knows no boundaries.” This philosophy defines who we are and what we do.

Our Brand Story

From Nagpur, the Tiger Capital of India, two passionate entrepreneurs — Vivek (VI) and Harish (HARI) — came together to create Viharico Exim Pvt. Ltd. (CO). Just like the tiger, which symbolizes courage, resilience, and a vision without boundaries, Viharico stands fearless in its mission to integrate global borders and deliver healthcare solutions across the world.

Our logo reflects the strength and personality of the tiger — unstoppable, bold, and committed to protecting life.

What We Serve

Viharico Exim Pvt. Ltd. is committed to the export of:

- Medicines & Injectables
- Surgical & Hospital Equipment
- Dental & Paramedical Products
- Oncology (Anti-Cancer) Products with specialized counselling

With 13+ years of experience in distribution and retail across India, we now extend our expertise globally. Our team of qualified pharmacists ensures round-the-clock support, quality assurance, and cost-effective solutions.

We place special focus on oncology medicines, understanding the emotional and financial challenges patients face. Along with economical pricing, we provide expert counselling to support patients and families through their journey.

Our Promise

At Viharico, we follow our guiding principle — the MUL MANTRA (Root Formula):
“We deliver, what we promise.”

Your needs and queries remain our top priority. We believe in transparency and honesty, guided by the line:

“If we don't go looking for the truth, we won't be given dishonest answers to cover it up.”
