ABOUT SPGA

INGREDIENTS OF GLASS

Glass draws its strength and quality from earth's natural resources, which means that the products you buy packaged in glass will always, be the best quality.

Glass is made from three natural ingredients which are found abundantly in nature: Sand, Soda Ash and Limestone. By contrast, other packaging materials contain oil and chemicals which can affect the contents of your favorite food/drinks.

BENEFITS OF GLASS JAR

1. Glass Packaging is made of natural ingredients
2. Glass is temperature resistant and easy to sterilize
3. Glass jar can increase the shelf- life of food.
4. Glass jars keep food fresh & pure without the risk of chemicals contaminating.
5. Flavor doesn't leech
6. Glass jars is always Sustainable & Eco – Friendly

Why Us?

1. Wide range of product.
2. Most economical & easily accessible as a when required.
3. We stay intact with our esteemed clients with their preferences and choices in best possible manner.
