ABOUT US

Welcome to our little corner of Cuddly Cubs, where two mamas (that's us!) have joined forces to sprinkle some fashion magic on the everyday chaos of parenthood. We know how to make your kid smile. And trust us, no kid looks more adorable than a smiling one! :)

Meet Mama1, the fashion wizard with a degree in fashion design (seriously, she can turn a napkin into a runway look). She's the brainchild behind all our quirky designs, expertly crafting outfits that are as comfy as a cloud and as stylish as a peacock in a tuxedo.

And then there's Mama2, the operations guru with an MBA from IIM Lucknow (fancy, right?). With seven years of consulting experience under her belt, she's the one making sure our business runs smoother than a baby's bottom (and trust us, that's pretty darn smooth).

At Cuddly Cubs, we offer a delightful range of stylish and comfortable clothing for infants and kids, featuring unique designs. We believe that kids should be able to enjoy their adventures in both comfort and fashion—because who says you can't have your cake and eat it too? (We certainly do!)

So, whether your little one is climbing trees, splashing in puddles, or just lounging like a boss, we've got the perfect outfit to keep them looking fabulous. Join us on this wild ride of motherhood and fashion, and let's make every day a runway—because every kid deserves to strut their stuff!
