About Us

Farsh Safety

Established in 2020 as a proprietorship firm, Farsh Safety is a leading manufacturer, supplier, and exporter of high-visibility safety reflective jackets. Based in Bangalore, Karnataka, we are committed to delivering superior-quality safety apparel at competitive prices while ensuring timely delivery.

Under the leadership of Ms. Tasneem, we have built a strong reputation and a growing clientele across India. With a shared vision of enhancing workplace safety, Kaidjohar and Hussain set out to develop high-quality, highly visible protective clothing designed for the most demanding environments. Our FSPRO safety vests combine exceptional safety standards with custom branding options, offering a perfect blend of reliability, performance, and personalization.

Why Choose Us?

- Leading Manufacturer in South India – Among the top producers of reflective safety jackets.
- Uncompromising Quality – Crafted from premium, durable, and breathable fabrics that meet industry standards.
- Timely Deliveries – Efficient production and logistics ensure prompt order fulfillment.

Our Products & Customization

We use high-performance reflective tapes and robust materials to maximize visibility and protection. Additionally, we offer a fully customized production facility, allowing clients to personalize:

- Logos and branding
- Reflective tape patterns and colors
- Closure types (zippers or Velcro)
- Fabric and design variations

At Farsh Safety, we are dedicated to providing top-tier safety solutions that prioritize both protection and customization—ensuring that every worker stays visible, secure, and comfortable in any environment.
