METAL GRATINGS

We are a trusted manufacturer, supplier, and exporter of high-quality metal gratings, crafted using premium-grade raw materials and advanced machinery to ensure superior standards. Known for their durability, seamless finish, and uncompromised quality, our gratings are widely appreciated and highly demanded across diverse applications.

TYPES OF GRATING

At Tvashta Industries and Home Solution Pvt. Ltd., we offer grating panels in standard and customized sizes to meet global client needs. Our range includes electro-forged, circular, heavy-duty gully gratings, and stair treads in Mild Steel and Stainless Steel, supplied with fixing clamps. Available in self-colour, hot-dip galvanized, painted, or electro-polished finishes, these gratings come with both plain and serrated bearing bars for versatile applications.
