Founded in 2011, Maximus OIGA has grown into a global leader in the manufacturing of downhole and completion equipment. We specialize in producing Packers, Liner Hanger Systems, Flow Control Systems, and more, serving the oil and gas industry across the globe.

### **Our Vision**

To be the global leader in engineering and manufacturing, delivering innovative and sustainable solutions that drive industrial progress and technological advancement.

### **Our Mission**

To continuously engineer and deliver innovative, high-performance completion systems that enhance oilfield efficiency, ensure safety, and minimize environmental impacts.

### **Management's Message**

At Maximus, our mission is rooted in delivering engineering excellence through innovation, precision, and quality. With advanced manufacturing capabilities and a commitment to sustainable solutions, we are dedicated to creating products that meet the most rigorous industry standards.

Our team continually strives to push the boundaries of technology, ensuring that our solutions drive efficiency, safety, and long-term value for our partners.

#### **Year of Establishment**

2011

#### **Nature of Business**

Downhole equipment manufacturer

#### **Market Covered**

India, USA, Canada, Russia, China & Indonesia

#### **GST No**

24AASCM9330N1ZS

#### **Legal Status of Firm**

Private Limited
