JS Industries is a second-generation genuine leather goods manufacturing company, proudly based in Kanpur, Uttar Pradesh—India’s historic hub of the leather industry. Established in 2005, the company carries forward a strong family legacy of leather craftsmanship built on skill, experience, and uncompromising quality.

Rooted in traditional leather-working expertise, our manufacturing process emphasizes hands-on craftsmanship rather than mass automation. From careful selection of genuine leather hides and in-depth understanding of tanning processes to precise cutting and superior finishing, every product reflects decades of industry knowledge.

Rooted in traditional leather-working expertise, our manufacturing process emphasizes hands-on craftsmanship rather than mass automation. From careful selection of genuine leather hides and in-depth understanding of tanning processes to precise cutting and superior finishing, every product reflects decades of industry knowledge.

Committed to ethical sourcing, dependable manufacturing, and long-term partnerships, JS Industries does not merely produce leather goods—we preserve craftsmanship, deliver reliability, and create lasting value for our customers worldwide.
