

Polymatech®

Year of
Establishment
2007

Manufacturers,
Exporters,
Supplier

Polymatech Electronics Limited is a pioneering technology company specializing in advanced opto-semiconductor solutions. Established in 2007 in Oragadam, Tamil Nadu, India, Polymatech combines cutting-edge Japanese technology with global expertise to deliver high-performance electronic components for a wide range of applications, including mobile devices, tablets, satellite communications, and GPS systems.

Our mission is to push the boundaries of innovation by providing reliable, energy-efficient, and scalable semiconductor solutions that empower businesses and enhance everyday technology. Polymatech has developed a reputation for excellence, holding over 25 strategic alliances worldwide and receiving more than 10 industry accolades.

From designing customized applications for mobile and tablet devices to accelerating data science solutions for informed decision-making, Polymatech is committed to creating impactful, future-ready technologies. Our dedication to quality, innovation, and global collaboration ensures that we remain at the forefront of the semiconductor industry.
