"A true entrepreneur is one who upholds strong values and consistently delivers high-quality products."

Poorvesh Biotech is built on the foundation of nature, innovation, and scientific excellence. Established in 2024, we are dedicated to harnessing the power of natural and agro-based resources to develop high-value biotechnology solutions for global industries.

Driven by a founder from an agricultural Tamil family, our focus lies in plant-derived ingredients and enzyme technologies that enhance human health, industrial efficiency, and product sustainability.

## Our Leadership

### Founder & CEO – Mr. P. Saravanakumar

(B.Tech – Biotechnology | PG – Food Science & Processing | MBA – Marketing Management)

With 20+ years of expertise in biotechnology, he specializes in plant-derived enzymes and advanced extraction technologies.

### Proprietor – Mrs. Rajalakshmi (M.Sc, B.Ed)

Provides strategic support, ensuring organizational stability and long-term vision.

## What We Do

Since 2024, Poorvesh Biotech has been manufacturing and exporting high-concentration proteases including:

- ✓ Papain
- ✓ Bromelain
- ✓ Ficin

## Along with:

- Plant proteins & agro-derived products
- Microbial, fungal & animal-derived enzymes
  - Carbohydrases, Lipases, Oxidoreductases, Isomerases, Phosphatases

Our **continuous R&D** ensures consistent quality, better yields, and high-performance formulations. With our export-focused operations located in Dollar City, Tiruppur, Tamil Nadu (India), we deliver reliable and regulatory-compliant products worldwide.

## Mission

To improve human health and quality of life through effective enzyme-based solutions, supporting industries with innovative, sustainable, and resource-efficient technologies that reduce environmental impact while enhancing productivity.

## Vision

To emerge as a globally recognized, trusted, and preferred exporter of high-quality enzyme-based solutions.

## Manufacturing Strengths

**Origin Advantage:** Sourced from India's largest papaya & pineapple zones

**Eco-Friendly Processes:** Zero Liquid Discharge (ZLD), 100% water-based processing, no harmful solvents

**Pure & Safe:** Non-GMO, no irradiation, no ETO treatment
