

YOUR BULK, OUR STRENGTH

RECOGNIZED AS A LEADING EXPORT HOUSE

Delivering World-class Fibre Solutions
With Proven Global Excellence

EXPERTISE

WHO ARE WE?

YOUR TRUSTED LEADING EXPORT HOUSE IN FIBC SOLUTIONS

At DMS Overseas LLP, we are proud to be recognized as a Leading Export House, a testament to our consistent global export performance, exceptional product quality, and long-standing partnerships with clients worldwide.

With deep expertise in flexible intermediate bulk container (fIBC) solutions, we specialize in sourcing and delivering a diverse range of bulk packaging products tailored to industry-specific needs across the globe.

From agriculture and chemicals to food, pharmaceuticals, and construction, we understand every sector's unique requirements. Our customized fIBC offerings ensure cost-effectiveness without compromising on quality, enabling clients to transport and store materials efficiently and safely.

Our trusted network, advanced quality systems, and export experience guarantee products that meet the highest international standards – protecting product integrity, improving handling efficiency, and delivering value to every customer.

WHY CHOOSE US?

Recognized as a Leading Export House for
global excellence

Competitive, globally benchmarked
pricing

Customized solutions for
every industry

Commitment to sustainability and
eco-friendly solutions

Strong partnerships with reputed
manufacturers and suppliers

Superior quality with international
compliance

Exceptional customer service &
global logistics network

Unmatched expertise in bulk
packaging exports

Quality Inspection & Load Testing

SUSTAINABILITY

WHAT MAKES US STAND OUT?

RAPID PROTOTYPING & SAMPLING SUPPORT

Customization Expertise For
Bulk Industry needs

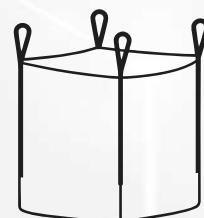

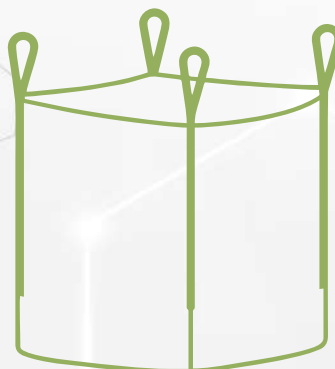

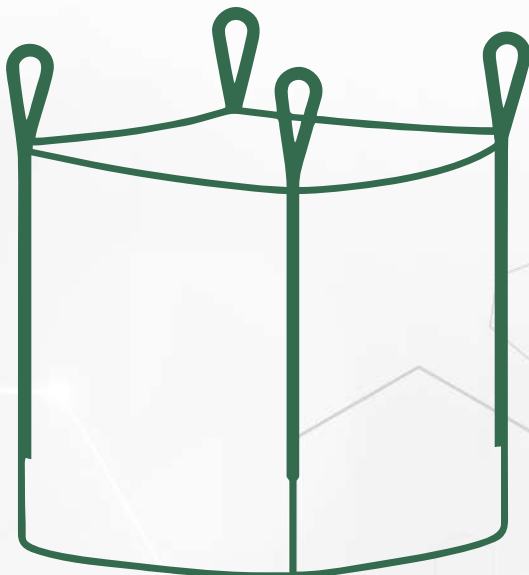

Innovative Packaging
Solutions

Rigorous quality checks &
third-party testing coordination

Proven export credentials
across multiple continents

INNOVATION

CUSTOMISATION

QUALITY

OUR CORE STRENGTH

At **DMS OVERSEAS LLP**, we believe “**quality assures alliances**”. As a leading export house, we maintain strict quality control through careful sourcing, supplier audits, and third-party inspections before export.

We work with only the most reliable and certified production partners, ensuring every shipment meets global benchmarks. Our commitment to continuous improvement and advanced quality assurance processes ensures products that perform to the highest international standards.

SUPPORT

| OUR PRODUCT RANGE

- FIBC/ BULK BAGS/ BIG BAGS
- PP WOVEN FABRIC
- MULTI FILAMENT YARN

FIBC (Flexible Intermediate Bulk Containers) is an industrial container made of flexible fabric that is designed for storing, transporting and protecting products in bulk quantities.

PRODUCT FEATUERES FOR FIBC

High Load Capacity

Durable Construction

Customizable Designs

Moisture & Dust Protection

UV Stabilized

Safe & Easy Handling

Space-Saving Storage

Leak-Proof Seams

Eco-Friendly

Multiple Safety Factor Ratings

Third-Party Tested

Weather-Resistant

01 FIBC / Bulk Bags / Big Bags

High load capacity, customizable designs, UV-stabilized, leak-proof, eco-friendly.

02 Single Loop & Two Loop Bags

Ideal for agriculture & food industries.

03 Tunnel Lift Bags

Forklift-friendly design.

04 Builder Bags

Tough & durable for construction.

05 U Panel / 4 Panel Bags

Standard heavy-duty four-loop design.

06 Circular Type with Cross Corner Loops

Reduced stitches for enhanced durability.

07 Baffle Bags

Shape-retaining bulk bags.

08 UN Bags & Sift-Proof Bags

For hazardous fine-particle materials.

09 Ventilated Big Bags

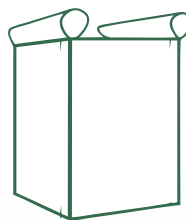

Breathable storage for perishables.

10 Type C & Type D Bags

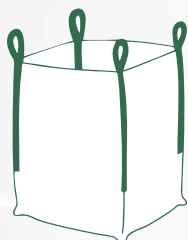

Conductive & static protective FIBC.

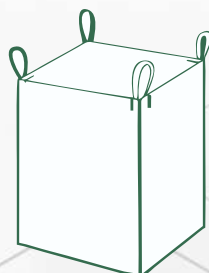

Single Loop

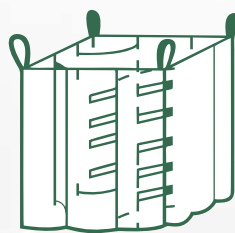

Tunnel Loop

Ventillated Bag

| PP WOVEN SACKS

Our water and moisture **Proof Polypropylene Sacks** are ideal for packing food grains, spices and fertilizers. They offer ample breathing space for packed grains and are available in a host of fascinating colors, designs and sizes.

Its salient features are as follows:

- Light weight, easy & cheap to transport
- Can be gusseted to further improve stacking
- Bright 2/3/4 color printing offers aggressive marketing prospects
- Cost effective
- Can be coated or uncoated
- No Seepages, especially in poly lined or laminated bags
- High tensile strength and durability

| PP WOVEN FABRIC & CLEAR SHEET

Our **PP wrapping fabric** and clear sheet are in sync with international standards and are known for its excellent durability standard amongst our clients. They can be customised in length, weight, gusset, meshes and colors to suit the demands of our clients.

Its salient features are as follows:

- Improved stiffness
- Resistant to heat
- Long lasting

| Multi-Filament Yarn

Our premium **multi-filament yarn** is engineered for outstanding strength, resilience, and long-term durability. Built to perform in demanding environments, it ensures optimal reliability for a variety of applications, including packaging, transportation, and construction. With its superior quality, this yarn enhances both the performance and longevity of your products.

| Container Liner

We manufacture high-performance **container liners** specifically designed for the export of dry bulk products. These liners are custom-fitted for standard 20 ft and 40 ft shipping containers, providing excellent protection against contamination and environmental factors while ensuring efficient loading and unloading during transport.

| Sling Bag

Our **sling bags** are heavy-duty workhorses, designed to safely lift and lower cargo multiple times with maximum efficiency. Every loop, weave, and fabric undergoes rigorous pressure testing to guarantee superior performance. Crafted from durable polypropylene fabric totes with four robust polyester lifting loops, these bags allow for secure single-point lifting using hooks, cables, or cranes. Ideal for both land and sea transportation, they deliver reliable strength and functionality in every use.

| OUR REACH

With a strong global presence and the credibility of a Leading Export House, we serve clients across multiple continents. Our dependable logistics network ensures on-time delivery to any destination.

Trusted by industries worldwide, **DMS OVERSEAS LLP** offers innovative, reliable, and customized bulk packaging solutions protecting and enhancing the value of your products wherever you do business.
