**INDIVA GLOBAL**  
(A Division of Fiberplast Packaging Pvt. Ltd)

Indiva Global (A Division of Fiberplast Packaging Pvt. Ltd) is a new-age global brand, born from the heart of India, where age-old traditions, rich cultural diversity, and agricultural abundance meet innovation, sustainability, and a bold global outlook. We stand at the intersection of authenticity and evolution, curating India's finest offerings and delivering them to the world with a refined, modern edge.

### What We Do

At Indiva Global (A Division of Fiberplast Packaging Pvt. Ltd), we specialize in a diverse portfolio of food-focused and industrial products that represent India's core strengths in agriculture, manufacturing, and sustainable trade.

- Our Core Verticals
- Natural Food Products
- Green Fuel Solutions (biomass, pellets)
- Oil Well Drilling Chemicals
- Sustainable Agro Equipment
- Chemicals & Packaging Solutions
- FMCG Products

Each product is processed, packaged, and delivered in alignment with global food safety and packaging standards, ensuring reliability and consistency.

### Meet the Founder

Viren Saggi is a passionate entrepreneur with a dynamic background in hospitality and events, where his love for culinary experiences and food innovation was born. His understanding of customer behavior, premium service delivery, and aesthetic brand building naturally transitioned into the vision behind Indiva Global.

Viren also comes from a legacy family business deeply rooted in chemical exports, import trading, and packaging manufacturing, from where he gained early exposure to industrial trade, supply chain systems, and global B2B commerce.

A graduate of Business Management and Finance from the University of Exeter (UK), Viren brings a globally informed, brand-first mindset to the company. His mission is to scale Indian-origin products globally—by combining authenticity, quality, and contemporary packaging into one unified offering.

### What Sets Us Apart

At Indiva Global (A Division of Fiberplast Packaging Pvt. Ltd), we're not just another trading company; we're a storytelling brand. We don't just export products; we export India's identity, reimagined for the modern world.

### Here's what makes us different:

- Deeply rooted in Indian authenticity, yet globally styled
- Focused on brand building, not just bulk supply
- Strong foundation in customer experience and premium service
- Hygienic global packaging standards tailored for retail and B2B
- Efficient international logistics and supply chain management
- Product customization, private labeling, and regional compliance
- Flexibility to operate across both niche boutique buyers and large-scale orders

### Our Mission

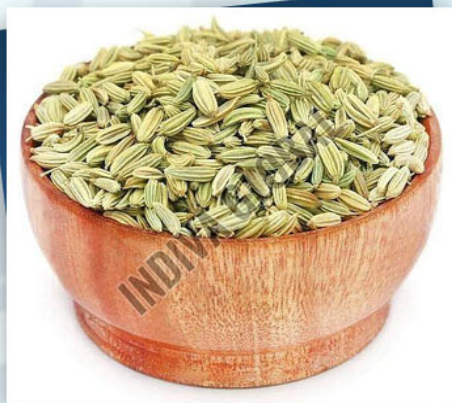

To deliver best-in-class Indian products and services to global markets with unmatched quality, storytelling, and innovation—rooted in culture, powered by modern trade.

### Our Vision

To become a globally recognized, legacy-driven Indian brand, giving India's most authentic and valuable products a bold, premium platform to thrive on the world stage.
