Phuge Packcorp, Established and started our Journey in 2022, started by IT Professionals, After understanding the process and years of learning. Today we are one of the Fastest Growing Corrugated Boxes Manufacturers and Suppliers in Pune, India. Operates from our Factory In Bhosari, Pune, India. At Phuge Packcorp we ensure top quality corrugated cartons for our customers at affordable prices.

Phuge Packcorp is your one-stop solution for cost-effective, high quality, and affordable when it comes to manufacturing corrugated boxes or carton box or cardboard boxes. We offer a wide range of corrugated boxes which are manufactured by using quality raw material like craft papers, pasting & corrugation gums, stitching pins which give immense strength to the boxes and increased their durability. We also deal in Printed Corrugated Box, Fruits & Vegetable Boxes, etc.

Our Vision

To maintain our leading positions in Indian market with respect to packaging format and product diversity in Contract Packaging, Contract Manufacturing with our flexible structure, creative solutions and competitive prices without making concessions to the quality and service excellence in parallel with the demands and expectations of our customers.

Our Mission

- Fully understanding the demands and expectations of our customers we see as "long-term business partners", keeping customer satisfaction at the highest level by meeting them at optimum levels through a customer-oriented approach.
- Improving our system as a continuously learning organization by adding new systems to the existing systems for which we have certificates on quality management as may be required in the course of our future business operations.
- Attaching importance to the occupational health and safety and natural resources, operating in compliance with the laws and legislation without making concessions to ethics.

Core Values

- Meeting product and service demands at maximum level based on the criteria identified in parallel with the customers' requirements. Not making concessions to ideal business ethics and reliable operating principles by adopting a dynamic, fast and flexible management approach,
- Using resources with optimum efficiency to the practicable extent, keeping costs at minimum levels, reflecting reduced costs to customers and preventing investments that will create unexploited capacity for our company and country.

- Establishing a permanent collaboration with our customers, achieving the profitability targets together through an effective and competitive approach,
- Improving the quality of labour force by supporting the creativity and skills of company personnel from all levels.
- Establishing a proper communication network within our organization and with our customers and suppliers, and adding value on continuous basis.
- Creating an enjoyable working environment that is braced up by unity and solidarity.
- Supporting proper functioning and continuous improvement of the quality management system based on our confidence in active participation of employees from all levels.
- Showing responsibility in Occupational Health and Safety, taking the necessary actions and displaying determined efforts for continuous improvement of the quality in such actions.
