About Us

Nature Eco Tech provides complete Water Treatment and Wastewater Treatment solutions across Industrial, Commercial, Institutional, and Municipal sectors in north India. We specialize in Design, Engineering, Manufacturing, Supply, Installation and Commissioning of customized treatment systems as per client requirements and environmental standards.

Our product range includes STP, ETP, UF Systems, Water Softener Plants, DM Plants, Swimming Pool Filtration Systems, FRP Tanks, FRP Coating Works and RO Plants. We also provide project execution support including piping, electrical integration, automation systems, chemical dosing systems and corrosion protection solutions.

In addition to project supply and installation, we offer Consultancy Services, Operation & Maintenance (O&M), Plant Upgradation, Troubleshooting Support, Chemical Supply and Spare Parts Supply for efficient and reliable plant operation. With a focus on quality, timely execution and customer satisfaction, Nature Eco Tech delivers cost-effective and sustainable solutions for various water and wastewater treatment applications across India.

Products

SEWAGE TREATMENT PLANT

Business Type

Manufacturer, Supplier, Trader

Capacity

5 KLD To 1000 KLD

Application

**Residential, Commercial & Industrial,
Gardening, Flushing, Cooling Towers,
Non-potable Reuse**

Automatic Grade

Automatic

INDUSTRIAL EFFLUENT TREATMENT PLANTS

Business Type

Manufacturer, Supplier, Trader

Capacity

1 KLD To 1000 KLD

Type of Treatment

**Physical, Chemical, Biological & Tertiary
Treatment**

Flow Type

Continuous

Products

WATER FILTRATION PLANT

Business Type
Manufacturer, Supplier, Trader

Automation Grade
Semi-Automatic

Capacity
500 LPH to 50 m3/hr

Pressure
2.5 to 6 kg/cm²

Filter Type
Sand & Carbon Filter

PVDF INDUSTRIAL ULTRA FILTRATION

Business Type
Manufacturer, Supplier, Trader

Operating Temperature
Ambient

Filtration Capacity
500 LPH To 50 M3/hr

Usage
Pretreatment of RO & Post treatment of effluent/sewage treated water

Products

INDUSTRIAL WATER SOFTENER SYSTEMS

Business Type

Manufacturer, Supplier, Trader

Capacity

500 LPH to 50 m³/hr

Pressure

2.5 to 6 kg/cm²

Automatic Grade

Semi Automatic

Application

Industrial, Industrial Water Softening

INDUSTRIAL MULTIGRADE SAND FILTERS

Business Type

Manufacturer, Supplier, Trader

Application

Industrial Water Filtration

Capacity

500 LPH to 50 m³/hr

Pressure

2.5 to 6 kg/cm²

Water Source

Borewell, Surface & ETP/STP's clarified water

Products

ACTIVATED CARBON FILTERS

Business Type

Manufacturer, Supplier, Trader

Capacity

500 LPH to 50 m³/hr

Pressure

2.5 to 6 kg/cm²

Brand Name

Nature Eco Tech

Application

**Water Filtration, Odor Removal & RO System
Pre-Treatment**

MBBR BIO PAC MEDIA

Business Type

Manufacturer, Supplier, Trader

Application

Biological Wastewater Treatment

Brand Name

Nature Eco Tech

Feature

Fine Finishing

Capacity

Specific Surface Area: 400–600 M²/m³

Products

TUBE DECK SETTLER MEDIA

Business Type

Manufacturer, Supplier, Trader

Fitting

Modular Interlocking

Color

Black

Shape

Hexagonal Honeycomb Structure

Hydraulic Radius

Optimized For Laminar Flow

MR. GAURAV GUPTA
