# About Us

From the first glow of a heating coil to the final product that powers industries across continents, we've built our name on one simple belief – excellence begins with heat that performs flawlessly. What started as a small manufacturing setup has today evolved into a trusted global partner for industries that demand accuracy – from pharma labs and defence technologies in India, to kitchen and bakery systems in the Middle East and Africa. We don't just make heating elements. We design confidence, empower industries, and ignite progress – one degree at a time.

Peena Heat Elements (PHE) is a leading manufacturer, exporter, and supplier of high-quality heating elements designed for demanding industrial and commercial applications across continents. Born in India and trusted globally, we have evolved from a small setup into a powerhouse providing precision-engineered thermal solutions – from the critical demands of pharma and defense technologies to the consistency required by bakery and kitchen systems worldwide. We don't just supply heating elements; we craft them with engineering expertise and test them for unmatched reliability, empowering our OEM partners to embed confidence, consistency, and cutting-edge durability into their own creations, transforming their products into true industry benchmarks.

## WHY CHOOSE PHE ??

**Proven Expertise :** Years of experience in the manufacturing sector enable us to hone our skills and knowledge to deliver outstanding products.

**Innovation at Our Core :** Our focus on innovation ensures that we stand out and continue to come up with products based on evolving market demands.

**Quality Assurance :** Our strict quality control processes will ensure that each product delivered meets our extremely high standards as well as your expectations.

**Responsive Support :** Our client-centric culture means you can rely on us for immediate support, effective help whenever you need it.

Name of Founder  
**Mrs. Peena Shah**

Name of Director  
**Ms. Vama Shah**

Business Development Head  
**Mr. Mitesh Shah**

Year of Establishment  
**2025**

Number of Employees  
**21 - 50**

GST No  
**24ABGFP7267B1ZA**

# Industrial Furnace

1 Inch Stainless Steel Water Heating Elements

10 Inch U Type Water Heating Element
