- 1995 Foundation : Shakti Textile Traders was established
- 2005 Expansion : Expanded manufacturing capacity and product range
- 2010 International Recognition : Received first international certification
- 2015 Innovation Center : Established R&D and innovation center
- 2023 Digital Transformation : Implemented Industry 4.0 technologies

Double Knot Knotting Machine

Business Type	: Manufacturer, Exporter, Supplier
Country of Origin	: India
Knot Type	: Double Knot Tying Method
Knotting Speed	: Up To 250 Knots Per Minute

Heavy Duty Knotting Machine

Business Type	: Manufacturer, Exporter, Supplier
Accuracy	: Precise Thread Selection, Reliable
Control System	: Mechanical / Electronic Control (Model
Application	: Warp Knotting And Beam

Lease To Lease Knotting Machine

Business Type	: Manufacturer, Exporter, Supplier
Knotting Capacity	: Completes Dressing & Knotting Of One Beam
Knotting Speed	: Adjustable From 60 To 600 Knots Per Minute
Control System	: Electronically Controlled

Sheet To Sheet Knotting Machine

Business Type	: Manufacturer, Exporter, Supplier
Country of Origin	: India
Tying Method	: Sheet-to-Sheet Warp
Needle System	: Precision Selector Needles For Accurate Thread Selection

Rod Type Dressing Stand

Business Type	: Manufacturer, Exporter, Supplier
Material	: High-Strength Steel / Industrial Grade Alloy
Country of Origin	: India
Application	: Textile Mills And Weaving Preparations

Tension Rail Dressing Stand

Business Type	: Manufacturer, Exporter, Supplier
Country of Origin	: India
Application	: Textile Mills And Weaving Preparations
Design Purpose	: Beam Preparation For Warp Knotting

Warp Tying Machine

Business Type	: Manufacturer, Exporter, Supplier
Country of Origin	: India
Voltage	: 220/230 AC/DC
Tying Speed	: 60 - 600 Knots
