Manufacturers, Exporters, Supplier

Maruti Inv Steel Cast is an ISO 9001 certified precision investment casting manufacturer, exporter, and domestic supplier based in Ahmedabad, Gujarat, India, serving industries since 2006. We specialize in producing high-quality ferrous and non-ferrous investment castings using the lost-wax casting process for critical industrial applications.

Our product range includes ball valve investment castings, control valve components, plug valve parts, wafer check valve castings, pump components, and custom-engineered castings as per customer drawings and specifications. We manufacture components in stainless steel, carbon steel, alloy steel, and special alloys to meet both Indian and international industry standards.

Maruti Inv Steel Cast supplies precision casting components to a wide range of domestic industries and also exports to multiple global markets. Our castings are widely used in oil and gas, petrochemical, water treatment, power generation, pumps and valves, automotive, and general engineering industries.

With strict quality control, sound production planning, reliable logistics support, and competitive pricing, we ensure consistent quality, dimensional accuracy, timely delivery, and long-term value for both our Indian and international customers.
