

Kutch

BRINE CHEM INDUSTRIES

Kutch Brine Chem Industries is a well-recognized Manufacturer, Exporter and Supplier of Refined Free Flow Iodised Salt and Industrial Salt. We take opportunity to introduce ourselves as one of the largest salt refinery in Kutch district of Gujarat,India, offering various highly purified industrial grade Salt and Refined Free Flow Iodized Salt in the brand name "KBC". The "KBC" Salt contains right level of iodine adhering to the norms set by UNICEF and Government of India to prevent iodine deficiency disorders.

company profile

Kutch Brine Chem Industries is a Kutch (Gujarat) based Manufacturer, Exporter and Supplier of Refined Free Flow Iodised Salt and Industrial Salt. The company is promoted by well known Shri Ram group, which is one of the largest salt producers in Kutch region having production capacity of around 8 Lacs MT per annum and further expanding it's capacity. Established in 2008, the company is running very smoothly with the visionary guidance of Mr. Rajesh N. Ahir, who is having vast industrial experience of 18 years.

Infrastructure

We possess three modern factories that are spread across land area of 34,335 square feet. Our advanced manufacturing unit is equipped with the latest machines that carry on bulk production of 750 MT per day. We also have in-house analytical lab and R&D department. To achieve excellence and quality in this field, we have installed the most modern state of art technology with automatic equipment of stainless steel. The production capacity of the refinery is 2.50 lakhs MT per annum.

Quality Certifications

The entire process meets the stringent standards of WHO and in recognition of its consistent supreme quality and crystal size, it has been awarded the ISI certificate. We have got certifications from the requisite authorities. We have ISI certificate, ISO 9001: 2008 certifications by SCC for Quality Management and ISO 22000:2005 for food Safety Management system by UKAS Quality Management.

Transportation

Our manufacturing unit is situated at NH-No.-8, near Chirai railway station, which enables us to provide our customers convenience in handling and low cost of transportation. The material is dispatched through railway rake, as well as by road transportation at almost all destinations in India.
