ABOUT US

Lucky Engineering Company
PRECISION COMPONENTS

Established in the year 1983, Lucky Engineering Company is a renowned Manufacturer, Exporter, and Supplier of a wide range of high-quality Precision Components, Automobile Components, and Forged Machine Components. Our products are widely appreciated in the market for their superior quality, durability, precision engineering, and reliable performance.

With a strong commitment to excellence and customer satisfaction, we continuously strive to deliver products that meet international quality standards. Under the expert guidance of our mentor, Mr. Litesh Malhotra, the company has achieved remarkable growth and success in the industry. His leadership skills, industry knowledge, and motivational approach have helped us build a strong reputation and a trusted customer base across the market.
