Founded in 1949 in Kannauj, Uttar Pradesh, our legacy spans more than seven decades of excellence in crafting pure, high-quality aromatic solutions. Rooted in tradition yet driven by innovation, we are a trusted name in both Attar and essential oils, serving industries ranging from cosmetics and pharmaceuticals to perfumery and FMCG products.

Our Attar is a testament to time-honored techniques, meticulously distilled using age-old methods that have been passed down through generations. Each drop embodies nature's finest essences—blended with care, patience, and expertise—to create fragrances that are as pure and profound as they are captivating.

In parallel, our essential oils are produced under strict modern standards, leveraging advanced extraction technologies and rigorous quality control processes. This ensures that every batch meets global benchmarks for purity, consistency, and efficacy—making them ideal for a wide array of applications including skincare, aromatherapy, wellness formulations, and therapeutic products.

We take pride in balancing the artistry of tradition with the precision of science. Our products are crafted to offer unmatched quality, reliability, and affordability—helping industries enhance their formulations and consumers experience the best that nature has to offer.

Experience the essence of heritage and innovation with us—where purity meets performance, and trust is distilled into every bottle.
