# ABOUT US

Sri Jayam Weighing Scale is the noted manufacturer and supplier of a wide range of weighing scales including platform weighing scales and table top weighing scales. We manufacture the latest electronic weighing scales using the highest grade raw materials such as steel and advanced technology. Our scales are highly appreciated due to their ability to sustain rigorous and everyday usage in different working environment. Our scales are available in sleek look having precision load cells, which are capable of withstanding years of usage giving clients complete value for money. The company is ISO 9001:2015 certified with American accreditation. Moreover, our products are available at reasonable price. We have a valuable clientele in banking and industrial sectors, super stores, and vegetable market committees.

Established in the year 2013, Sri Jayam Weighing Scale has gained a prestigious name in the nationwide market. Owing to the vast experience in this domain, the company has made a huge client base. The company is located in Tirupattur (Tamilnadu, India) and flourishing under the guidance of the partner, Mr. Narayanan.A

## Manufacturing Unit

We manufacture the entire range of products in our well-established production facility. We ensure precise calibration of the machines and proper packing before despatch. Our machines are approved by The Department of Weights & measures, Govt. of India.

## Quality Check

Our weighing scales are thoroughly checked against diverse quality parameters before making the final dispatch. Our machines are integrated with communication devices and network to communicate weighing data to desired destinations.

- Consistently meeting of our customer expectations for product quality and performance
- Timely delivery of our products and services to meet our customer requirements
- Continuous improvement of our process and systems
- Ensuring our persons are properly trained, so that they are better to serve our customer

The company's ISO 9001 certification is a testimony to its commitment to Quality Assurance.
