Welcome to ozil group

Let's understand, what is OZIL?

O= OSHO INDUSTRIES & OPTICAL GLASS INDUSTRIES LLP

Z= (S) SOLITAIRE SANITARYWARE PVT LTD & SKAJEN
VITRIFIED PVT LTD

I= INTILES CERAMIC LLP

L= LEGEND CERAMIC PVT LTD

Ozil Industries is a manufacturer of uPVC, cPVC, SWR Plumbing Pipes and fittings, PTMT TAPS and FRP Cover in Morbi ,Gujarat.

Our Company Vision & Mission

Our mission is to understand the customer requirement, offer timely deliveries of quality proven products at best competitive price. Our constant emphasis on product quality and client satisfaction has enabled us to mark a difference for our products like: - uPVC, cPVC, SWR Plumbing Pipes and fittings, PTMT TAPS and FRP Cover.

Honesty

Commitment

Excellence

Relationship For Life

PRODUCTION

cPVC | uPVC | SWR | Column Pipes | PTMT TAPS | FRP Cover

Ozil is equipped advanced production facilities allowing us to fulfill the demands of different regions and markets. With our capabilities in PVC compounding, processing 4,000 MT annually, we position ourselves as an authentic Indian manufacturer.

OUR CERTIFICATS

We are dedicated to producing the highest quality products in our manufacturing processes. Our goal is to consistently meet customer requirements and expectations while complying with the highest industry standards. Our Quality Policy focuses on the following principles: Customer Satisfaction, Continuous Improvement, Quality Control, Employee Engagement, Environmental Responsibility, and Regulatory Compliance. We are fully committed to upholding this policy, cultivating a culture of quality, and ensuring excellence in every product we produce.

IS 15778 : Standard for Chlorinated cPVC Pipes for Potable Hot & Cold Water Distribution Supplies

IS 17546 : Standard for Chlorinated cPVC Fittings for Potable Hot & Cold Water Distribution Supplies

IS 13592 : Standard for Unplasticized PVC Pipes for Soil & Waste Discharged System and Rain Water System

IS 14735 : Standard for Unplasticized PVC Fittings for Soil & Waste Discharged System and Rain Water System

ASTM D 1785: Specification for uPVC Plastics Pipes, SCH-40 & SCH-80

ASTM D 2467: Specification for uPVC Plastics Fittings, SCH - 80

ASTM D 2846: Specification for CPVC Pipes & Fittings for Hot & Cold Water Distribution Systems

cPVC Pipes & Fittings

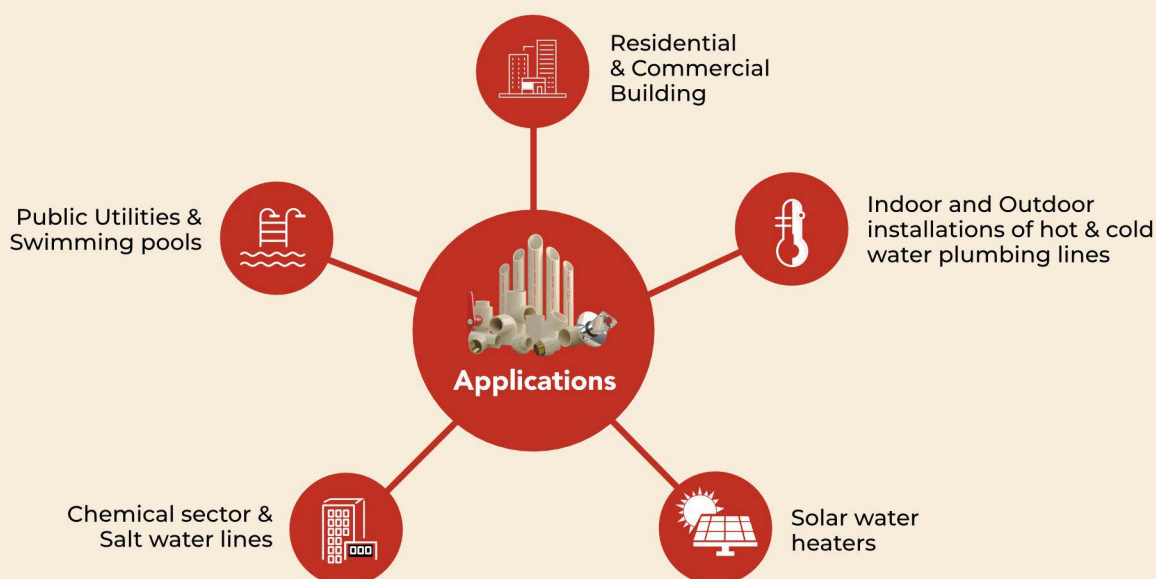

cPVC Pipes & Fittings are thermoplastic product made from special chemical called Chlorinated Polyvinyl Chloride. This significantly provides more flexibility and higher temperature capacity than standard PVC material. Plumbers and Architect's first choice OZIL hot and cold water pipes & fittings demonstrates unbearable capacity of 95°C temp. & 40 kgf of pressure. OZIL cPVC Pipes are available from size 1/2" to 2" in both SDR-11 & SDR-13.5 and fittings from size 1/2" to 2" in SDR-11 with capacity to bear 95°C of hot & -5°C of cold Temp.

PRODUCT RANGE :

Pipes. 1/2" (15 mm) TO 2" (50 mm) SDR 11 & SDR 13.5 as per IS 15778

Fittings: 1/2" (15 mm) TO 2" (50 mm] SDR 11 as per ASTM D-2846

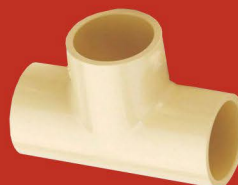

Solvent Cements: 59 ml, 118 ml, 237 ml CANES

uPVC

Pipes & Fittings

Ozil uPVC plumbing system is a 'LEAD FREE' solvent weld system designed for distribution of potable water that is technically superior and offers many advantages over conventional G.I. Piping system. This system is easy to install and offers a long service life. It is used mainly for cold water application in industrial, residential and commercial.

uPVC Pipes & Fittings

Unplasticized polyvinyl chloride (uPVC) pipes are made from a combination of plastic and vinyl. These pipes are durable, hard to damage and long lasting. They do not rust over a long period of time. Therefore, uPVC pipes are most commonly used for cold water applications in plumbing, water supply, underground drainage and sewage lines.

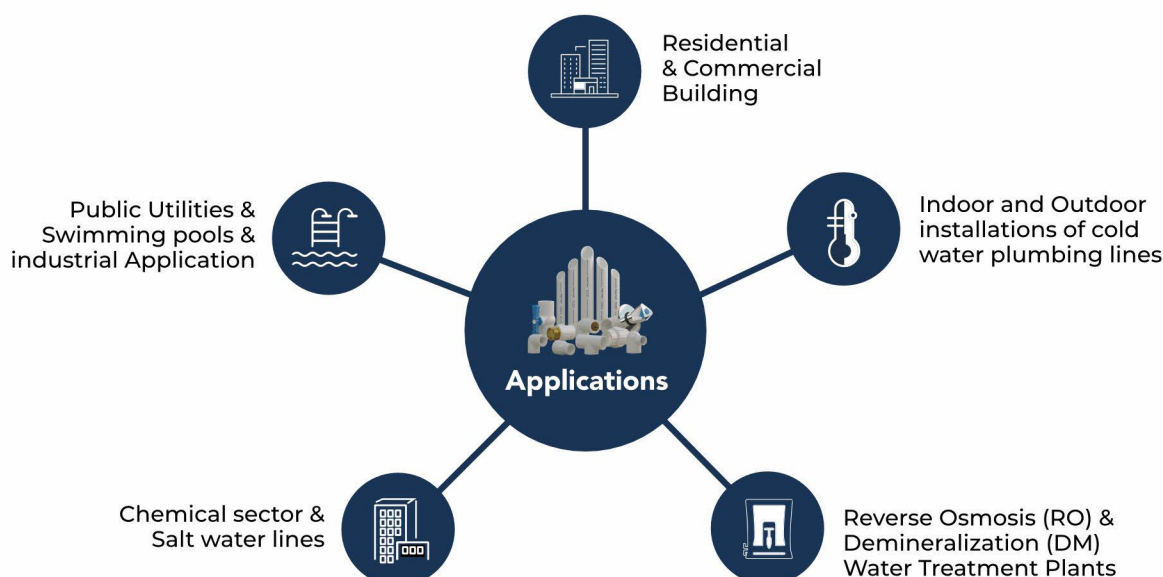

OZIL uPVC pipes and Fittings are lead free and non-toxic, ideal for drinking water, technicality superior, cost effective and ensure uninterrupted water flow from overhead water tank or underground water tank to toilet blocks, kitchen or to any other utility.

PRODUCT RANGE :

Pipes : SCH 40 & SCH80 from 1/2" (15mm) to 2" (50 mm) as per ASTM D 1785

Fittings : SCH 80 from 1/2" (15mm) TO 2" (50 mm) as per ASTM D2467

Solvent Cements: 59 ml, 118 ml, 237 ml CANES

Installation Procedure

1. Cut Pipe:

Cut Pipe Square. As joints are sealed at the base of the fitting socket. An angled cut may result in joint failure. Acceptable tools include miter saw, mechanical cut a saw or wheel cutter. Wheel type cutters must employ a blade designed for plastics.

3. Dry Fit:

With light pressure, pipe should go one third to one half of the way into the fitting socket Pipes and Fittings that are too tight or too loose should not be used.

5. Solvent Cement:

Apply a full even layer of cement to the outside of a pipe and medium layer of cement to the inside of a fitting.

2. Remove Burr & Bevel:

Remove all burr from inside and outside of pipe with a knife-edge, file or deburring tool. Chamfer (bevel) the end of the pipe 10°-15° Remove surface dirt, grease or moisture with a clean dry cloth.

4. Applicator:

Use an applicator that is one half the pipe diameter. Too large an applicator will force excessive cement into the inside of small diameter fittings. Too small an applicator will not apply sufficient cement to large diameter systems.

6. Set & Cure:

Solvent cement set and cure times are a function of Pipe size, temperature and relative humidity. Curing time is shorter for drier environments, Smaller sizes and higher temperatures. It requires 10 to 20 minutes for perfect joint.

SWR

Pipes & Fittings

Ozil is a SWR conventional drainage system for soil, waste and rain water. This system enables fast and efficient removal of waste without blockage and leakage. Its high impact strength, chemical and corrosion resistance ensures long life and virtually zero maintenance. Ozil products are a preferred for drainage and rain water system among architects, builders and plumbing contractors. The state-of-the-art machineries and virgin raw materials are used to produce Ozil SWR system.

SWR Pipes & Fittings

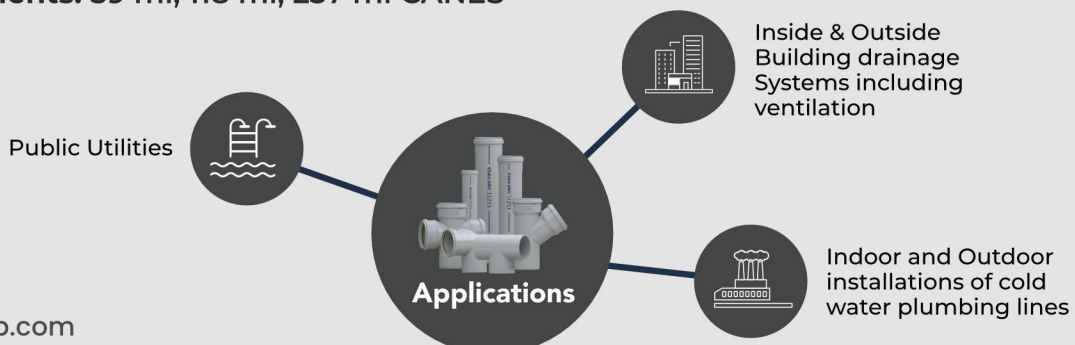

SWR systems include an extensive range of Soil, Waste, and Rainwater solvent weld and ringfit drainage products for commercial, industrial, housing, and commercial complexes. OZIL SWR solutions for soil and waste discharge are built on the back of quality, flexibility, and product innovation backed by unrivalled installation options and the highest levels of customer service.

PRODUCT RANGE :

Pipes: Ringfit (Type-A & B) 75 mm, 90 mm, 110 mm, 160 mm as per IS:13592
Selfit (Type-A & B) 75 mm, 90 mm, 110 mm, 160 mm as per IS:13592

Fittings: Ringfit: 75mm,90mm,110mm,160mm as per IS:14735
Selfit: 75 mm, 90 mm, 110 mm, 160 mm as per IS:14735

Solvent Cements: 59 ml, 118 ml, 237 ml CANES

COLUMN

Pipes

Column pipes are ideal for water extraction from bore wells. These pipes are expertly designed and manufactured using a lead-free compound on advanced, state-of-the-art machinery. Engineered to withstand system loads, including the weight of the pump, water, and pipes, column pipes are built with a sufficient safety factor.

Offering numerous benefits, column pipes have quickly become the preferred choice over traditional metal pipes. They are lightweight, possess high tensile strength, feature leak-proof joints, and offer long-lasting performance at an economical cost. Available in diameters ranging from 25 to 100 mm (1" to 4"), these pipes come with a full range of pressure ratings in V4, Medium, Standard, Heavy types, tailored to meet installation depths from 100 to 400 meters.

Lead-free

Anti-abrasion & corrosion

High Tensile Strength

Lightweight

easy to handle and transport

Easy to Install

PTMT

Collection

Ozil P.T.M.T. combines the toughness, temperature, and stress resistance of metal with the lightweight, atmospheric durability, and cost-effectiveness of plastic. It offers numerous advantages over both metal and plastic alternatives.

Hot & Cold

Long Life

Anti Bacterial

Ideal for hard Water

Easy to Clean

Ozil Group Network

1500+ Products

3000+ Dealers

11+ Countries

Available at:
30+ State & U.T

Terms & Conditions:

- 1.Ex-factory Basis: The rates are quoted based on the factory price in Morbi (Gujarat) excluding any extra charges.
- 2.Taxes: IGST/CGST/SGST/UTGST will be additional based on applicable laws.
- 3.Freight/Transportation: Shipping charges are extra and will be calculated based on actual transportation costs.
- 4.Breakage/Damage in Transit: The Company is not responsible for any damage or loss during transit.
- 5.Superseding Previous Price Lists: This price list replaces any earlier lists, meaning this is the current pricing.
- 6.Cash Payments: The Company is not liable for any cash payments made directly to its staff.
- 7.No Return Policy: Once goods are sold, they cannot be returned unless there is a quality issue.
- 8.Price Revision: The Company reserves the right to adjust prices without prior notice.
- 9.Jurisdiction: Any legal matters will be governed under the jurisdiction of Morbi (Gujarat).
- 10.Discount Validity: Discounts will only be applied based on the date the order is received.

Warranty:

·The warranty applies only if Ozil pipes, fittings, and solvent cement are used.
