ABOUT US

Tianjin Metals Limited Company

Established in 2024, Tianjin Metals Limited Company is a dynamic exporter, supplier, and trader headquartered at Manenekela Road, Off Independence Avenue, Woodlands, Lusaka. We operate in the global marketplace, delivering high-quality commodities and essential products to clients worldwide with a strong commitment to reliability and integrity.

Our diversified product portfolio includes Gold Dore Bars, 99.99% Copper Cathodes, Pure Brown Sugar, Refined White Sugar, White Maize Seeds, and Natural Wild Honey. We carefully source our products from verified and reputable producers to ensure consistent quality, purity, and compliance with international trade standards. Each product undergoes stringent quality verification procedures to meet client specifications and global regulatory requirements.

At Tianjin Metals Limited Company, we prioritize transparency, ethical trade practices, and long-term partnerships. Our experienced team ensures smooth procurement, documentation, logistics coordination, and timely delivery to international destinations. With a strong network of suppliers and logistics partners, we efficiently handle bulk orders while maintaining competitive pricing and dependable service.

Quality assurance, customer satisfaction, and operational excellence form the foundation of our business philosophy. We aim to bridge global markets by supplying trusted commodities that meet industrial, commercial, and consumer demands.

Driven by professionalism and global trade expertise, Tianjin Metals Limited Company continues to expand its international presence while building sustainable relationships based on trust, performance, and mutual growth.
