PREVENTION, SAFETY & CARE

PRODUCT SELECTION GUIDE

About us

Medicofine are the leading manufacturers and suppliers of a wide range of medical disposables focusing on healthcare sector by providing PREVENTION, SAFETY & CARE. MEDICOFINE designs and delivers disposable products like Surgeon Gown, Surgical Drapes, Surgical Packs, Protective Apparel, CSSD etc., with superior quality fabrics and products that are manufactured in hygiene conditions with the high quality standards.

At medicofine, we choose our raw material with very vigilantly, so we can manufacture and supply high quality assurance products to our customers. To increase quality of life in healthcare sector by preventing and minimizing the risk of infection to the patients and surgeons during surgeries by using our Medicofine products this comes with PREVENTION, SAFETY AND CARE. We are fully dedicated to our customers by customizing products according to their design and specification and needs.

Our Vision

Our Vision is to be the prime organization at a global level by providing prevention, safety and care to the health the sector personnel to improving quality of life by delivering our products and services to the highest industry standards.

Our Mission

MEDICOFINE's mission is to protect men and women at work facing any hazard at the cost of their personal safety. To achieve this objective, MEDICOFINE team has mobilized its know-how, & its imagination, adaptability and pioneering spirit to design, manufacture and distribute a full range of medical disposables.

Why Medical Disposables?

Reusable Demerits :

- Reusable medical textile Decrease its Barrier Protection and Effectiveness due multiple steps.
- Hidden Cost of reusable fabric includes damage of fabric, labour, power supply etc
- Uneven Consistency quality.
- Higher Lint than disposables.
- Man Power
- Less Comfortable due stain on reusable.

Disposable Merits :

- Good Barrier Effectiveness and Protection.
- No Hidden Cost.
- Consistent and uniform quality.
- Lower Lint
- Cost Effective
- Comfort

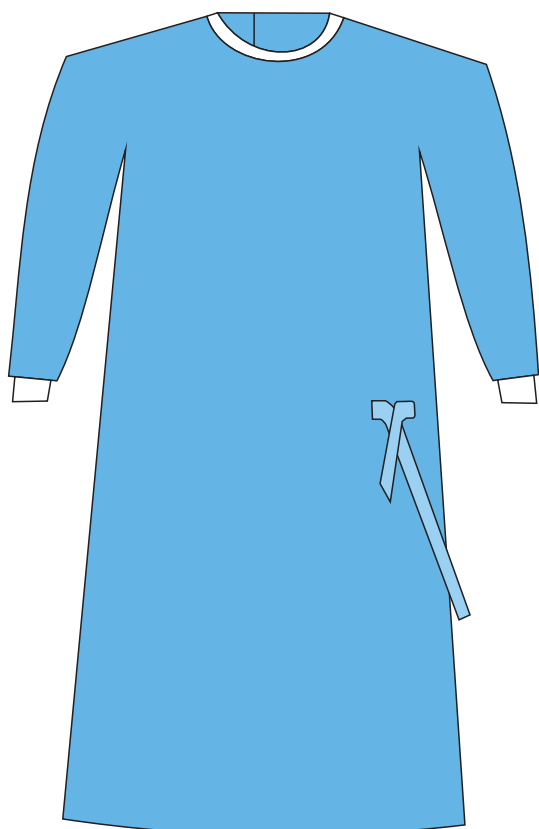

SURGICAL GOWNS

Medical surgical gowns are personal protective equipment used by health care workers during surgical procedure to protect the wearer and patients from transfer of body fluids and microorganisms

SURGICAL DRAPE

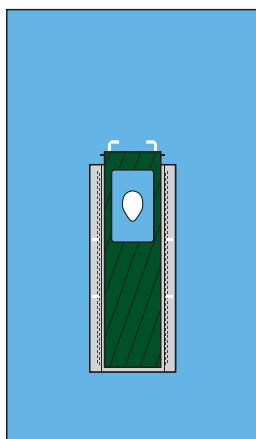

ORTHOPAEDIC DRAPE

Knee O Drape

- Circular Fenestration
- Strong Absorbent Reinforcement Area
- Cord holding tabs

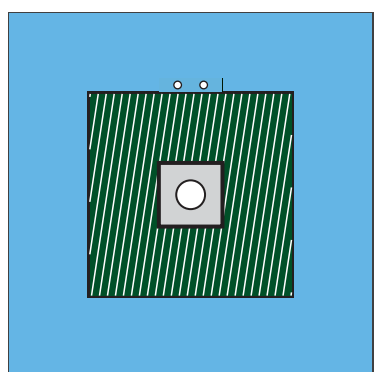

Ref No	Product Description	Size
MF/ORT/01	Knee O Drape, Sterile	160cm X 300cm

Hip Drape with Pouch

- Tear Shape fenestration
- Absorbent Reinforcement Area
- Clear leg positioning pouches
- Velcro cord holding tabs

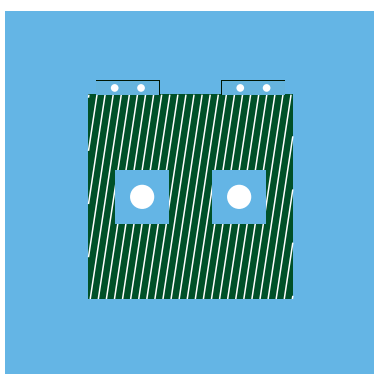

Ref No	Product Description	Size
MF/ORT/02	Hip Drape with Pouch, Sterile	240cm X 330cm

Universal Extremity Drape

- Circular Fenestration
- Strong Absorbent Reinforcement Area
- Cord holding tabs

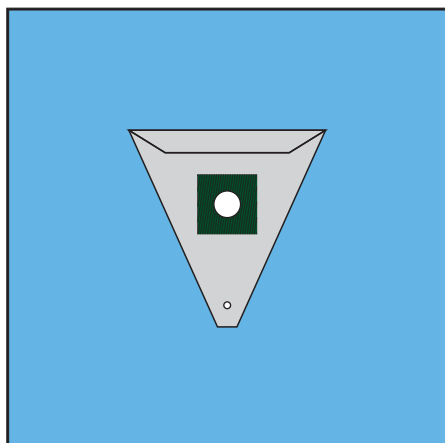

Ref No	Product Description	Size
MF/ORT/03	Universal Extremity Drape, Sterile	230cm X 315cm

Bilateral Drape

- Dual Circular Fenestration
- Reinforcement Area
- Cord holding tabs

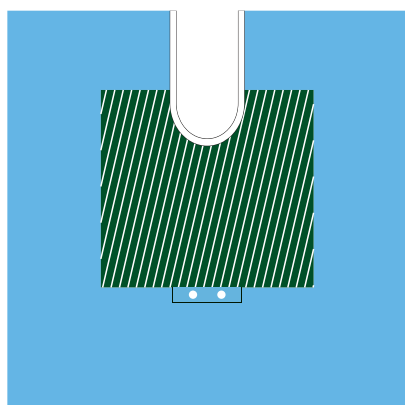

Ref No	Product Description	Size
MF/ORT/04	Bilateral Drape, Sterile	230cm X 315cm

Knee Arthroscopy Drape

- Dual Circular Fenestration
- Fluid Collection pouch with suction port
- Cord holding tabs

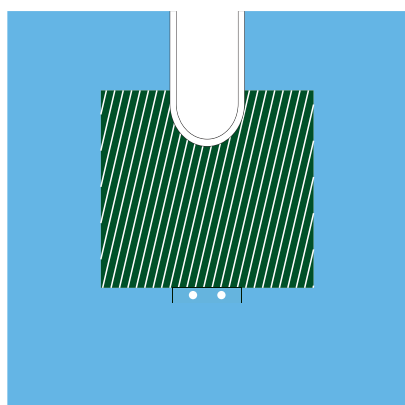

Ref No	Product Description	Size
MF/ORT/05	Knee Arthroscopy Drape, Sterile	240cm X 300cm

Shoulder Arthroscopy Drape

- Fenestration
- Fluid Collection pouch with suction port
- Cord holding tabs

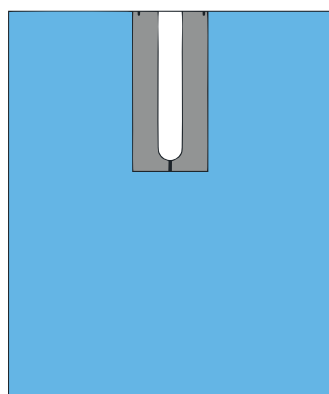

Ref No	Product Description	Size
MF/ORT/05	Shoulder Arthroscopy Drape, Sterile	240cm X 300cm

Hip U Drape

- U cut with adhesive
- Absorbent Sheet

Ref No	Product Description	Size
MF/ORT/07	Hip U Drape, Sterile	160cm X 250cm

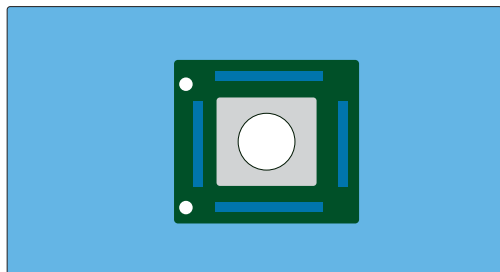

"U" Split Drape

- U Split with adhesive
- Poly sheet lining

Ref No	Product Description	Size
MF/ORT/08	Split U Drape, Sterile	160cm X 240cm

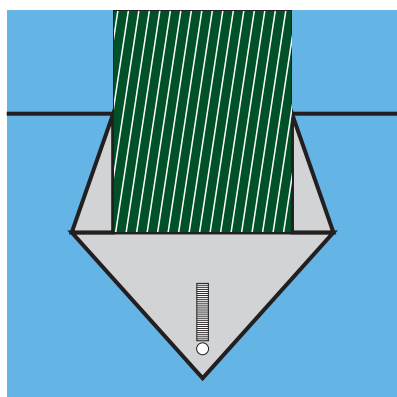

GYNAECOLOGY DRAPES

Caesarean Drape

- Incise area
- Fluid collection pouch with suction port
- Tube holders

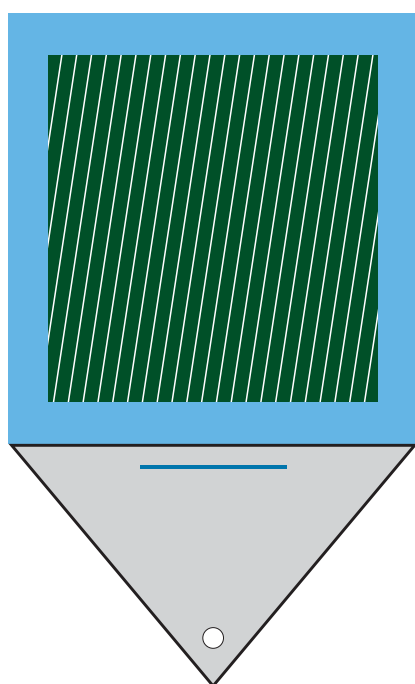

Ref No	Product Description	Size
MF/GYN/01	Caesarean Drape, Sterile	190cm X 300cm

Under Buttock Drape

- Fluid collection pouch with suction port
- Graduated markings

Ref No	Product Description	Size
MF/GYN/02	Under Buttock Drape, Sterile	100cm X 120cm
