At Dikalp Equipment, we take pride in being a trusted name in the manufacturing, supplying, and exporting of premium stainless steel (SS) equipment and accessories. Established in 2022, we have quickly built a strong reputation for delivering high-quality, durable, and hygienic solutions across pharmaceutical, healthcare, cleanroom, food, dairy, and industrial sectors.

With a team of 21–50 skilled professionals led by our CEO, Mr. Kalpesh Patel, we combine technical expertise with innovation to craft products that meet the strict standards of GMP and pharma-grade environments. From pharma and chemical processing equipment to storage tanks, laboratory instruments, hospital furniture, commercial kitchen units, and industrial fabrication solutions, our range is designed with precision engineering and strict quality control.

Our infrastructure and processes ensure that every piece, whether it is a customized stainless steel locker rack, tank platform, or industrial furniture, delivers functionality, safety, and long service life.

Serving clients worldwide, with an annual turnover of Rs. 5–25 Crore Approx., we focus not only on equipment but also on building long-term partnerships. At Dikalp Equipment, we don't just deliver products — we deliver trust, reliability, and enduring support.

Nature of Business	Manufacturers, Exporters and Supplier
---------------------------	---------------------------------------
