# ABOUT US

NexTrade EXIM is a trusted Indian exporter, supplier, and trader of spices and rice, established in 2025 and led by Mrs. Kirti Parag Patil. We serve global markets worldwide, delivering premium quality Indian agro food products that meet international export standards.

We specialize in the export of Indian spices, including black pepper seeds, cinnamon sticks and powder, cumin seeds, coriander seeds, turmeric fingers and powder, dried red chilli (whole, stemless, flakes, and powder), fenugreek seeds, kalonji seeds, and cloves. Our spices are widely appreciated for their rich aroma, natural color, purity, and long shelf life.

Along with spices, we are a reliable Basmati and Non-Basmati Rice exporter from India, offering Golden Sella 1121 Basmati Rice, IR 64 Parboiled and White Broken Rice, IR 36, IR 8, and PR 106 Non-Basmati Rice. All rice varieties are carefully processed, graded, and packed to ensure consistent quality and superior taste.

Our product range also includes dehydrated vegetables and dehydrated coriander powder, processed using advanced methods to retain nutritional value, flavor, and extended shelf life.

At NexTrade EXIM, we follow strict quality control, hygienic processing, export-standard packaging, and timely global delivery. Our mission is to be a reliable Indian food exporter, providing competitive pricing, customized solutions, and long-term partnerships with international buyers.
