About Us

Established in 2017, Shri Radhe Traders & Manufacturers is a reputed manufacturer, exporter, and supplier of a wide range of sheet metal products, electrical cabinets, cable management systems, door & window hardware, aluminium heat sinks, electrical components, and industrial manufacturing services. The company operates under the leadership of Mr. Vishan Kumar Tomar, whose industry knowledge and vision have helped the organization grow steadily in the competitive engineering and manufacturing sector.

We specialize in the production of galvanized steel sheet metal plates, industrial grade sheet metal sheets, electrical metal cabinets, server rack cabinets, solar inverter enclosures, battery storage cabinets, and cable trays designed for reliable performance and durability. Our portfolio also includes premium door and window hardware such as brass handles, stainless steel pull handles, cabinet handles, and window locks, manufactured with a focus on design, strength, and long service life.

In addition to manufacturing products, we offer a comprehensive range of industrial manufacturing services including aluminium die casting, CNC laser cutting, electrostatic phoretic lacquer coating, powder coating, metal electroplating, power press metal stamping, tool room machining, zinc die casting, and industrial quality inspection. These services help clients achieve precision-engineered components that meet modern industrial standards.

With a strong focus on quality control, advanced production techniques, and customer satisfaction, Shri Radhe Traders & Manufacturers ensures reliable products and services for various industries such as electrical, electronics, solar energy, construction, and industrial equipment. Our commitment to innovation and consistent performance has helped us build long-term relationships with clients across domestic and international markets.
