# About Us

PapakPopz was born from a bold idea—to elevate India’s ancient superfood, makhana, into a modern, premium snack that is both nourishing and delightful. Founded by Pranshu, a visionary entrepreneur driven by wellness, design, and rural empowerment, PapakPopz beautifully blends tradition with innovation.

Every roasted makhana kernel reflects purity and craftsmanship, sourced directly from local farms and prepared with utmost care. With bold flavors like Peri Peri and Mint Masala, along with minimalist classics such as Himalayan Salt, PapakPopz delivers a wholesome crunch that resonates with today’s conscious consumers.

More than just a snack, PapakPopz is a movement—a movement to celebrate Indian heritage, uplift rural communities, and redefine the true essence of “Made in India.”

**Women Empowerment**  
Leading the change in agriculture
