# About Us

Grace And Kris Bio Fertilizer is a quality-focused agricultural inputs company established in 2024 and headquartered in Pali, Rajasthan, India. The company operates as a manufacturer and supplier of premium vermicompost fertilizers, serving farmers, agri-input dealers, landscapers, and organic growers across Pan India. With a strong commitment to sustainable agriculture, we deliver natural solutions that enhance soil fertility and crop productivity.

Our product range includes Natural Vermicompost Fertilizer, Organic Vermicompost Fertilizer, and Brown Vermicompost Fertilizer, produced using carefully selected organic raw materials and controlled composting processes. These fertilizers are rich in essential nutrients, beneficial microbes, and organic matter, supporting healthy plant growth while improving soil structure and water retention.

At Grace And Kris Bio Fertilizer, quality and consistency are at the core of our operations. Our manufacturing processes follow strict quality control measures to ensure purity, uniform texture, optimal nutrient balance, and contamination-free output. Each batch is tested to meet agricultural standards and deliver reliable performance across diverse crops and soil conditions.

We emphasize eco-friendly production methods that align with organic and sustainable farming practices. Our vermicompost products are suitable for a wide range of applications, including field crops, horticulture, plantations, kitchen gardens, and landscaping.

Driven by integrity, farmer-focused solutions, and environmental responsibility, Grace And Kris Bio Fertilizer aims to contribute to healthier soils and higher agricultural yields. Through dependable supply, competitive pricing, and responsive service, we strive to build long-term partnerships and establish ourselves as a trusted name in India's organic fertilizer industry.
