At Suryaveda Power, our name reflects our core vision: Surya (sun) + Veda (knowledge). Drawing on deep expertise in renewable energy systems, our skilled team is dedicated to designing and deploying solar solutions that are reliable, affordable, and tailored to local needs.

At Suryaveda Power, we believe the future belongs to clean, sustainable energy. Our name combines Surya (the sun) and Veda (knowledge), reflecting our mission to deliver solar solutions rooted in innovation, expertise, and responsibility.

With a dedicated team and hands-on experience in setting up 100+ MW of power projects, we provide reliable solar systems for homes, businesses, and industries. From consultation and design to installation and maintenance, we ensure end-to-end service tailored to your needs.

Our commitment goes beyond power generation — we aim to reduce energy costs, promote sustainability, and empower communities with eco-friendly solutions. Every project we deliver is a step towards a cleaner, greener, and brighter tomorrow.

Our Mission

To enable energy independence through sustainable, solar-powered innovations, improving lives while protecting the planet.

What We Value

Quality, transparency, eco-responsibility, customer empowerment.

Our Promise

Systems that endure, services you can trust, a future that shines.
